(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.
(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.
(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes

of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference in the total valuation of property subject to taxation by the county, city, school district or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and the total valuation of property subject to taxation by the county, city, school district or special district for the current year.

(8) "New property" means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. "Real property additions" shall mean:

(c) The value of improvements to existing nonresidential property;

(d) The value of new residential improvements to property;

(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided;

(i) The value of improvements to real property previously under assessment moratorium*;*

(j) The value of all unmined minerals appearing on the tax rolls on or before December 31, 1987, shall be considered "real property additions" for each year such value appears on the tax rolls prior to that date. Beginning January 1, 1988, "real property additions" shall include the value of all unmined minerals added to the tax rolls on or after that date for the year in which such value is added to the tax rolls.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least ten contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government, where such activities produced an average annual gross income including payments under a state or federal program according to the following scale:

Acres	Annual Gross Income +	Income Per Acre
10 to 30	$1,000+	$60.00 per acre, or a fraction thereof, over 10 acres.
30 to 60	$2,200+	$40.00 per acre, or a fraction thereof, over 30 acres.
60 to 100	$3,400+	$25.00 per acre, or a fraction thereof, over 60 acres.
100 to 250	$4,400+	$10.00 per acre, or a fraction thereof, over 100 acres.
Over 250	$5,900+	$5.00 per acre, or a fraction thereof, over 250 acres.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there must be an annual gross income of these amounts within two (2) years of purchase. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(10) "Horticultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least five contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers or ornamental plants, where such activities produced an average annual gross income according to the following scale:

Acres	Annual Gross Income +	Income Per Acre
5 to 30	$1,000 minimum, or	$100.00 per acre, or a fraction thereof, over 5 acres, or whichever amount is greater.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there is evidence of anticipated annual gross income of these amounts. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;
(b) Degree of productivity of the soil;
(c) Risk of flooding;
(d) Improvements to and on the land that relate to the production of income;

(17) "Recreational vehicle" means a vehicular type unit primarily designed as temporary living quarters for recreational, camping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle. The basic entities are: travel trailer, camping trailer, truck camper and motor home.

(a) Travel trailer: A vehicular unit, mounted on wheels, designed to provide temporary living quarters for recreational, camping, or travel use, and of such size or weight as not to require special highway movement permits when drawn by a motorized vehicle, and with a living area of less than two hundred twenty(220) square feet, excluding built-in equipment (such as wardrobes, closets, cabinets, kitchen units or fixtures) and bath and toilet rooms.

(b) In determining ranks, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The superintendent of public instruction, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(c) Nothing in this subsection shall allow the state board of education by regulation to reclassify downward any teachers currently in Ranks I or II.

(2) [~~(a)~~] The amount to be included in each school year in the foundation program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days. Provided, the amount to be included for units allotted under KRS 157.360(5), (7), (8), (9) and *(10)*[~~(11)~~] shall be increased proportionately if the personnel for such units are employed for longer than the regular school term and such employment is approved by the superintendent of public instruction under Kentucky administrative regulations of the [~~appropriate~~] state board. ~~(c) Such amounts may be included only for those who are not in sole and principal charge of a class. No district may receive foundation program funds for such number of para-professionals and teacher aides referred to in paragraph (b) of this subsection as exceeds one-half (1/2) the number of certificated teachers in the designated school or schools.~~

~~(d) In the calculation of classroom units for the purpose of allocation of teachers' salaries only, the state board of education may use a ratio greater than twenty-seven (27) to one (1) for such calculations regarding the experimental districts designated pursuant to paragraph (b) of this subsection.~~]

(3) The amount to be included in the foundation program for other current expenses shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(4) The amount to be included in the foundation program for capital outlay shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(5) The amount to be included in the foundation program of each district for transportation shall be determined by multiplying the aggregate attendance of transported children by the allowable cost per pupil per day for that district determined in accordance with the provisions of KRS 157.370.

(6) The total amount of money distributable to each district from the public school foundation program fund shall be the sum of the allotments in subsections (2), (3), (4) and (5) of this section.

Section 3. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, [~~classroom units for kindergarten,~~] classroom units for gifted and talented children when units are included in the executive budget, classroom units for superintendents, administrative and special instructional services, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) (a) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each*:*

1. Twenty-five (25) kindergarten full-time equivalent pupils in average daily attendance;

2. Twenty-five (25) pupils in average daily attendance in grades one (1) through three (3);

3. Twenty-seven (27) pupils in average daily attendance in grades *four (4)* [~~one (1)~~] through twelve (12)*, after nine and six-tenths (9.6) average daily attendance is deducted for each unit allotted the school district under subsection (5) of this section and seven and two-tenths (7.2) average daily attendance is deducted for each unit allotted the school district under subsection (6) of this section. The average daily attendance of any exceptional child not assigned to a specific grade shall be added to the average daily attendance of grades four (4) through twelve (12) before classroom units are allotted under this subparagraph* [~~; provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each twenty-five (25) pupils in average daily attendance at all other isolated schools~~]. The allotments of classroom units in this *paragraph* [~~subsection~~] shall be made on the average daily attendance for the end of the previous school year in public school grades *kindergarten* [~~one (1)~~] through twelve (12) *except as provided in paragraphs (b) and (c) of this subsection* [~~after the following deductions:~~

~~1. An average daily attendance of six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 shall be deducted for each vocational unit allotted; and~~

~~2. An average daily attendance of five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 shall be deducted for each exceptional children's unit allotted~~].

(b) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(c) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 through 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of KRS 157.360(1), teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(3) Allotments of classroom units except those allotted in accordance with subsection (4) of this section, shall be increased when the average daily attendance in *kindergarten and* grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in *kindergarten and* grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase. *The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.*

(4) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (3) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(5) In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(6) (a) In allotting classroom units for exceptional children, one (1) classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor. In addition to the classroom units allotted above, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390(6), a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for 185 days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit.

(b) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above cited program to those funds appropriated for this purpose in each biennial budget.

(7) [~~(a)~~] In allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), *(5), (6)* [~~(10)~~] and *(11) of this section* [~~(12) plus subsections (5) and (6) before July 1, 1976~~] shall be divided by *nine (9)* [~~eight (8)~~] and the quotient shall be the number of classroom units allotted to the district under this subsection.

[~~(b) The total number of units allotted under subsection (5) beyond those allotted in the school year 1975-76 times six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 average daily attendance plus the total number of units allotted under subsection (6) beyond those allotted in the school year 1975-76 times five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 average daily attendance shall be divided by two hundred and sixteen (216) and the quotient shall be the number of classroom units allotted to the district under this subsection.~~

~~(c) The total of subsection (a) plus subsection (b) shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board of education.~~]

(8) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5) *and* [~~,~~] (6) *of this section* [~~, (10) and (12)~~]; one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each

one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(9) In allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred and sixty-five and nine-tenths (165.9) classroom units under subsection (2) *of this section* and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2) *of this section*. For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(10) [~~In allotting classroom units for kindergarten, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for kindergarten. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.~~

~~(11)~~] In allotting classroom units for superintendent, one unit shall be allotted each school district.

(11)[~~(12)~~] In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

Section 4. KRS 157.390 is amended to read as follows:

(1) (a) The superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers in rank as follows:

Rank I. Those holding regular certificates and who have a master's degree in a subject field approved by the state board of education or equivalent preparation and who have earned thirty (30) semester hours of approved graduate work or its equivalent, and those teachers who, as of September 1, 1962, were included in Rank I, having earned twenty-four (24) semester hours of additional approved graduate work.

Rank II. Those holding regular certificates and who have a master's degree in a subject field approved by the state board of education or equivalent preparation.

Rank III. Those holding regular certificates and who have an approved four-year college degree or the equivalent.

Rank IV. Those holding certificates and who have ninety-six (96) to one hundred twenty-eight (128) semester hours of approved college training or the equivalent; provided, however, that persons holding emergency certificates shall not be classified higher than this rank for calculation of the amount to be included in the foundation program.

Rank V. Those holding certificates and who have sixty-four (64) to ninety-five (95) semester hours of approved college training or the equivalent.

(b) In determining ranks, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, shall classify teachers who hold valid certificates in the respective ranks according to approved college semester hours of credit. The superintendent of public instruction, in defining preparation for certain types of vocational teachers as equivalent to college training, shall give consideration to apprenticeship training and industrial experience.

(c) Nothing in this subsection shall allow the state board of education by regulation to reclassify downward any teachers currently in Ranks I or II.

(2) [~~(a)~~] The amount to be included in each school year in the foundation program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the biennial budget schedule for each rank and experience for a term of one hundred eighty-five (185) days. Provided, the amount to be included for units allotted under KRS 157.360(5), (7), (8), (9) and *(10)*[~~(11)~~] shall be increased proportionately if the personnel for such units are employed for longer than the regular school term and such employment is approved by the superintendent of public instruction under Kentucky administrative regulations of the [~~appropriate~~] state board. Where the actual number of teachers employed by the district varies from the number allowed under the provisions of KRS 157.310 to 157.440, the number to be included in each rank shall be in the same ratio that the number of teachers actually in each rank is to the total number of teachers employed.

[~~(b) The state board of education with the recommendation of the superintendent of public instruction, may designate local school districts as experimental districts for the utilization as classroom units para-professionals and teacher aides under KRS 157.360(2). In experimental districts, foundation program fund calculations shall include, with respect to one or more schools in the district, an amount for para-professionals and teacher aides. This amount may be equal to a maximum of fifty percent (50%) of the amount included for a teacher in Rank III with no experience but may not exceed the salary paid the para-professional or teacher aide, multiplied by the number of approved para-professionals and teacher aides employed in the designated school or schools.~~

~~(c) Such amounts may be included only for those who are not in sole and principal charge of a class. No district may receive foundation program funds for such number of para-professionals and teacher aides referred to in paragraph (b) of this subsection as exceeds one-half (1/2) the number of certificated teachers in the designated school or schools.~~

~~(d) In the calculation of classroom units for the purpose of allocation of teachers' salaries only, the state board of education may use a ratio greater than twenty-seven (27) to one (1) for such calculations regarding the experimental districts designated pursuant to paragraph (b) of this subsection.~~]

(3) The amount to be included in the foundation program for other current expenses shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(4) The amount to be included in the foundation program for capital outlay shall be determined by multiplying the number of classroom units by the amounts set forth in the biennial budget.

(5) The amount to be included in the foundation program of each district for transportation shall be determined by multiplying the aggregate attendance of transported children by the allowable cost per pupil per day for that district determined in accordance with the provisions of KRS 157.370.

(6) The total amount of money distributable to each district from the public school foundation program fund shall be the sum of the allotments in subsections (2), (3), (4) and (5) of this section.

Section 5. KRS 158.030 is amended to read as follows:

(1) A "common school" is an elementary or secondary school of the state supported in whole or in part by public taxation. No school shall be deemed a "common school" or receive support from public taxation unless the school is taught by a qualified teacher for a term of eight (8) or more months during the school year and every child residing in the district who satisfies the age requirements of this section has had the privilege of attending it. Provided, however, that any child who is six (6) years of age or who may become six (6) years of age by October 1, [~~1979, and any year thereafter,~~] shall attend public school as provided by KRS 157.315 or qualify for an exemption as provided by KRS 159.030. Any child who is five (5) years of age or who may become five (5) years of age by October 1, [~~1979, and any year thereafter,~~] may enter a public school kindergarten. Any child who has successfully completed kindergarten and shall be six (6) years of age by *October 1* [~~December 31, 1980~~] shall be eligible for enrollment in the first grade notwithstanding any other age requirements of this section[~~, and any child who has attended nursery school and will be five (5) years of age on or before December 31, 1980 shall be eligible for enrollment in a public kindergarten program in the 1981-82 school year and in the first grade during the 1982-83 school year~~].

(2) Notwithstanding any statute to the contrary, effective July 1, 1986 and any year thereafter, successful completion of kindergarten shall be a prerequisite for a child's entrance into first grade. The state board of education shall establish, by regulation, methods of verifying successful completion of kindergarten and extenuating circumstances for which waiver of the above prerequisite may be granted.

Section 6. KRS 158.100 is amended to read as follows:

(1) Each [~~county~~] school district shall provide at least an approved twelve (12) grade school service. An approved eight (8) grade service for all pupils residing in the district shall be provided by maintaining the schools. An approved high school service for all children of high school grade under twenty-one (21) years of age residing in the district shall be provided either by maintaining the schools within the county or by contract with another district.

(2) *Notwithstanding any statute to the contrary, effective July 1, 1985, and every year thereafter,* each [~~independent~~] school district shall provide at least an approved *kindergarten through* twelve (12) grade school service. An approved *kindergarten through* eight (8) grade school service shall be provided for the children residing in the district by maintaining schools. An approved high school service for all children of high school grade under twenty-one (21) years of age residing in the district shall be provided either by maintaining the schools within the district or by contract with another district [~~in the county~~].

Section 7. KRS 159.020 is amended to read as follows:

Any parent, guardian or other person having in custody or charge any child between the ages of *six (6)* [~~seven (7)~~] and sixteen (16) who removes the child from a school district during the school term shall enroll the child in a regular public day school in the district to which the child is removed, and the child shall attend school in the district to which he is removed for the full term provided by that district.

Section 8. KRS 159.250 is amended to read as follows:

The director of pupil personnel of each school district, working under the direction of the superintendent of schools, shall institute and maintain a complete, accurate, permanent and continuous census of all children between the ages of *five (5)* [~~six (6)~~] and eighteen (18) that reside in the school district. A child's age is between *five (5)* [~~six (6)~~] and eighteen (18) when the child has reached his *fifth* [~~sixth~~] birthday and has not passed the eighteenth birthday. The school census shall specify the name, date of birth and sex of each child; the name, nationality, occupation and post office address of each parent, guardian or custodian of the child; the school district in which the child resides; and the school to which the child belongs. The school shall be described by number and name. The census shall contain any other data required by the superintendent of public instruction. Each board of education shall furnish its director of pupil personnel with such assistance as it deems necessary for the institution and maintenance of the census.

Section 9. KRS 159.260 is amended to read as follows:

The director of pupil personnel of each school district shall, on or before June 1 each year, prepare a report showing the number of children residing in the school district or districts that he serves who will, on July 1 following, be between the ages of *five (5)* [~~six (6)~~] and eighteen (18) years. The report shall list the children according to the schools to which they belong in each school district. The report shall be made on forms furnished by the state board of education and shall contain any other information required by the superintendent of public instruction. It shall be sworn to before a notary public as being a correct statement as shown by the census on file in the office of the director of pupil personnel. The original and a duplicate copy of the report shall be filed with the district board of education. The board shall mail the original to the superintendent of public instruction and retain the copy in its office.

The House of Representatives of the Commonwealth of Kentucky hereby congratulates Talbert "T.J." Turner, Jr., outstanding basketball player and a senior at Pendleton County High School, Falmouth, Kentucky, son of Talbert and Mary Turner, for scoring the 3000th point in your high school basketball career on February 24, 1984. Especially noteworthy is that only two other players have scored over 3000 points in Kentucky's history. The 59 points that you scored set your school record for the highest number of points scored in one game. Your superior rating is most creditable and impressive: 30.3 points a game, 50.0 field goal and 78.0 free throw percentages. Your membership in the National Honor Society, 3.61 grade point average, and being in the Top Ten of your senior class is exemplary of your academic accomplishments. Perseverance, hard work, dedication and school loyalty are most evident and rewarding in helping you qualify twice as a Northern Kentucky Player of the Year and being named second team all state for 1983. You have brought great pride and inspiration to your school, community and the Commonwealth of Kentucky. (4) "Qualified entity" means the local development corporation, and any other corporation or limited partnership in which the local development corporation purchases new stock or a new interest pursuant to Section 6 of this Act.

(5) "Local development corporation" means the corporation organized pursuant to Sections 6 and 7 of this Act.

(8) "County judge/executive" means the county judge/executive or the chief executive officer of an urban-county government.

SECTION 8. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

Subject to Section 5 of this Act, a taxpayer is entitled to a credit against any state tax liability which may be imposed on the taxpayer for a particular taxable year that begins after December 31, 1984, if the taxpayer purchases a qualified investment in a qualified entity. However, a taxpayer may only receive a credit for qualified investments purchased within three (3) years of the creation of the local development corporation.

SECTION 9. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

Subject to Section 5 of this Act, the amount of the credit that a taxpayer may receive under this Act for a particular taxable year is equal to the lesser of the taxpayer's state tax liability for that taxable year, or the amount determined in step three of the following steps:

Step one: Add the consideration paid for all qualified investments the taxpayer purchased during that taxable year;

Step two: Multiply the amount determined in step one by three-tenths (.3): and

Step three: Add the product determined in step two to the credit carryover, if any, to which the taxpayer is entitled for that taxable year under Section 6 of this Act.

SECTION 10. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

However, the credit carryover may not be used for any taxable year that begins on or after January 1, 1990. The amount of the credit carryover from a taxable year shall be reduced to the extent that the carryover is used by the taxpayer to obtain a credit under this Act for any subsequent taxable year. A credit based on a qualified investment purchased during 1984 shall be a credit carryover to taxable years that begin after 1984.

SECTION 11. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

The total amount of credits allowed under this Act may not exceed in the aggregate two million dollars ($2,000,000) for each local development corporation for all taxpayers making qualified investments in such corporation and all taxable years. The aggregate amount of consideration paid by all taxpayers for qualified investments in a particular qualified entity, other than the local development corporation, which may be used by all those taxpayers as a basis for credits under this Act, may not exceed an amount equal to five (5) times the amount of consideration paid by the local development corporation for new stock or a new partnership interest in the qualified entity. The local development corporation shall administer the provisions of this section and shall issue the forms required by Section 14 of this Act only to the extent consistent with the limits in this section. If aggregate consideration paid for qualified investments which would otherwise qualify for the credit provided by this Act exceeds the limits imposed by this section, the credit shall be allowed to taxpayers in the order of the time of the purchase of the qualified investments.

SECTION 12. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

Amounts paid in shall be the initial stated capital of the local development corporation.

SECTION 13. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

The petition shall be accompanied by a draft copy of the articles of incorporation of the proposed corporation and other information that the secretary of the commerce cabinet deems appropriate. When payments are made to the cabinet under this section, the amount collected shall be handled in exactly the same manner as if no credit had been allowed.

SECTION 18. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

SECTION 19. A NEW SECTION OF KRS CHAPTER 154 IS CREATED TO READ AS FOLLOWS:

To receive the credit provided by this Act, a taxpayer must:

(1) Claim the credit on the taxpayer's annual state tax return or returns in the manner prescribed by the revenue cabinet; and

(3) The use of vacuum; and

(4) *The injection of all fluids by oil and gas operators regardless of the purpose of such injection, except in the operation of underground gas storage fields* [~~Make recommendations to the water pollution control commission as to disposal of salt water and oil field wastes~~].

Section 9. KRS 353.570 is amended to read as follows:

(1) No person shall *commence to* drill or deepen a well, or reopen a plugged well for the production of oil or gas or for the injection of water, gas or other fluid into any oil or gas producing formation (except seismograph test holes) after June 16, 1960, or *commence to* drill or deepen a water supply well, and geological or structure test holes after June 16, 1966, until such person shall obtain a permit from the department.

(2) *Subject to subsections (3) and (4) of this section*, when any applicant for a permit as required by this section has complied with the provisions of this chapter and all rules and regulations promulgated hereunder, the department shall issue the permit.

(3) *Notwithstanding subsection (2) of this section, if the department determines that an applicant for*

a permit hereunder is an owner or operator of any well for which there are one (1) or more outstanding violations which remain uncorrected at the time of application for a new permit, said department shall not consider such application until all previous violations have been corrected [~~The department may authorize the commencement of the drilling, deepening or reopening of any well prior to the issuance of a permit therefor; except if the location of the well is known to be underlaid by a coal-bearing stratum and consent of the owner, operator, and lessee of the coal-bearing stratum has not been granted. Consent shall be implied, when the coal-bearing stratum is owned by the oil and gas lessor or lessee, and the coal is not under lease to any third party~~].

(4) The department may require an applicant for a permit hereunder to disclose any beneficial interest of said applicant in all oil and gas operations currently or previously maintained in the Commonwealth. If said applicant holds a beneficial interest in an oil or gas operation for which there are one (1) or more outstanding violations of this chapter which remain uncorrected at the time of application, the department shall refuse to consider such application until all outstanding violations are corrected.

(5) A copy of the permit shall be posted in a conspicuous place at the permitted site prior to the commencement of drilling.

SECTION 10. A NEW SECTION OF KRS CHAPTER 353 IS CREATED TO READ AS FOLLOWS:

When any well is unused for more than thirty (30) days, the operator of such well shall either place the well into its permitted use, obtain a temporary abandonment permit from the department or plug the well. This section shall not apply to a shut-in or producing well.

Section 11. KRS 353.590 is amended to read as follows:

(1) Any person, seeking a permit required by KRS 353.570, shall submit to the department a written application in such form as may be prescribed by the department.

(2) Each application shall be accompanied by a specified fee as follows:

(a) The fee shall be one hundred dollars ($100) for each well to be drilled, deepened or reopened for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. *The fee shall not be refunded if the application is processed and found not acceptable. The resubmittal of a rejected application shall be accompanied by a new fee.*

(b) If the department receives delegation of authority for administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended), the department may, by regulation, establish a fee or schedule of fees in an amount not to exceed fifty dollars ($50.00) per well, in addition to the fees imposed by paragraph (a) of this subsection, upon each application to drill, deepen or reopen a well for any purpose relating to the production, repressuring or storage of oil or gas, and for each water supply well, observation well, and geological or structure test hole. The fees or schedule of fees to be established by regulation shall not exceed an amount sufficient to recover the costs incurred by the department in administering the underground injection control program less any other state or federal funds which are made available for such purpose.

(c) All money paid to the state treasurer for fees required by paragraph (b) of this subsection shall be for the sole use of the department in the administration of the underground injection control program under Section 1425 of the Safe Drinking Water Act (Public Law 93-523 as amended).

(3) All money paid to the state treasurer for licenses and fees required by KRS 353.500 to 353.720 shall be for the sole use of the department and shall be in addition to any moneys appropriated by the general assembly for the use of the department.

(4) Each application shall be accompanied by a plat, which shows the location and elevation of each well, prepared according to the rules and regulations promulgated under KRS 353.500 to 353.720. The plat shall be certified as accurate and correct by *a land surveyor* [~~the applicant, a qualified employe of the applicant, a person approved by the department,~~] or an engineer registered in Kentucky[~~, provided that when the location of the well is known to be underlaid by coal-bearing stratum, such plat shall be certified accurate and correct only by an engineer registered in Kentucky~~]. If any plat submitted by an applicant is determined by the department to be materially inaccurate or incomplete, the department may require that a new plat be prepared and submitted [~~either by a person approved by the director or an engineer registered in Kentucky. The department may further require that all future plats submitted by such an applicant be prepared either by a person approved by the director or an engineer registered in Kentucky~~].

(5) When any person submits to the department of mines and minerals an application for a permit to drill a well, or to reopen, deepen or temporarily abandon any well which is not covered by surety bond, the department shall except as provided in this section, require from the well operator a bond in the sum of *two thousand five hundred dollars ($2,500)* [~~$1,000~~] in favor of the department of mines and minerals, conditioned that the well upon abandonment shall be plugged in accordance with the rules and regulations of the department and that all records required by the department be filed as specified. The bond shall remain in effect until the plugging of the well is approved by the department, or the bond is released by the department. Any well operator in lieu of such bond may file with the department a blanket bond in a sum of *twenty-five*

thousand dollars ($25,000) [~~$5,000~~], covering all wells drilled or to be drilled in the Commonwealth by the principal in the bond, and the acceptance and approval by the department of such blanket bond shall be in full compliance with the above provision requiring an individual well bond. The bond or bonds referred to in this section shall be executed by the well operator as principal and by a corporate surety authorized to do business in the Commonwealth. A deposit in cash shall serve in lieu of either of the above bonds.

(6) *It is required that a successor to the well operator post bond and notify the department in writing in advance of taking possession of a well or wells. Said successor shall assume the obligations of this chapter, as to a particular well or wells, and relieve the original permittee of responsibility under this chapter with respect to such well or wells. It is the responsibility of the selling operator to require the successor operator to post bond before granting possession to said successor. The department may close any well or wells if the bond company notifies the department that said bond or bonds are cancelled. Said notice shall not relieve the bond company of its obligations to the Commonwealth but shall only serve to stop the operation of a well or wells for which the bond company has terminated its bond or bonds* [~~Notification in writing to the department by a successor to the well operator with bond as provided in subsection (5) that said successor is assuming the obligations of this chapter as to a particular well or wells, will relieve the original permittee of responsibility under this chapter with respect to such well or wells~~].

(7) If the requirements of subsection (5) with respect to proper plugging upon abandonment and submission of all required records on all well or wells have not been complied with within the time limits set by the department or by this chapter, the department shall cause a notice of noncompliance to be served upon the operator by certified mail, addressed to the permanent address shown on the application for a permit. The notice shall specify in what respects the operator has failed to comply with this chapter or the regulations or orders of the department. If the operator has not reached an agreement with the department or has not complied with the requirements set forth by it within forty-five (45) days after mailing of the notice, the bond shall then be forfeited to the department.

(8) *Collection of a bond forfeited pursuant to the provisions of this chapter may be made by the attorney for the department or in his absence by the attorney general, after notice from the director* [~~When a bond is forfeited pursuant to the provisions of this chapter, the director shall give notice to the attorney general, who shall collect the forfeiture~~].

(9) All sums received through the forfeiture of bonds shall be placed in the state treasury and credited to a special agency account to be designated as the oil and gas well plugging fund. This fund shall be available to the department and may be expended for the plugging of any abandoned wells coming within the authority of the department pursuant to this chapter. The plugging of any well pursuant to this subsection shall not be construed to relieve the operator or any other person from civil or criminal liability which would exist except for such plugging. Any unencumbered and any unexpended balance of this fund remaining at the end of any fiscal year shall not lapse but shall be carried forward for the purpose of the fund until expended or until appropriated by subsequent legislative action.

(10) Upon request by any person applying for a permit for a geological or structure test hole, the department shall keep the location and elevation of said hole confidential until such information is allowed to be released by the person obtaining such permit.

(11) For the purpose of this chapter, "water supply well" shall not include:

(a) Any well for a potable water supply for domestic use or for livestock.

(b) Any water well used primarily for cooling purposes in an industrial process.

Section . KRS 353.630 is amended to read as follows:

(1) Whenever any separate tract of land is so situated because of size or other condition that it does not contain a location at which a well for oil or gas may be drilled, deepened or reopened by reason of the spacing provisions of KRS 353.610, the department shall order, after notice and a hearing, the pooling of all oil and gas interests in the separate tract or in a portion thereof with all like interests in a contiguous tract or tracts, or portions thereof, as are necessary to afford the pooled tracts one (1) location for the drilling, deepening or reopening of a well for the production of oil or gas in compliance with the spacing requirements of KRS 353.500 to 353.720. The department shall require the development and operation of all pooled tracts as a single leasehold estate in accordance with regulations and rules promulgated under KRS 353.500 to 353.720.

(2) No pooling as permitted by this section shall be ordered except:

(a) After an application to drill, deepen or reopen a well for the production of oil upon the tract or within four hundred (400) feet of the tract, or after an application for a permit to drill, deepen or reopen a well for the production of gas upon the tract or within one thousand (1,000) feet of the tract has been submitted; and

(b) After a lessee or owner of an oil or gas interest in the tract shall request the pooling.

(3) No pooling as permitted by this section shall be ordered with respect to any tract or portion thereof upon which a well is drilled, deepened or reopened:

(a) Unless the pooling was requested prior to the commencement of the drilling, deepening or reopening of the well by a lessee or owner of an oil and gas interest in a contiguous tract which does not contain a location at which a well for oil or gas may be drilled, deepened or reopened; and

(b) Unless the request, if made by the owner of an operating interest who elects to participate in the risk and cost of the drilling, deepening or reopening of the well, is accompanied by a bond or other security satisfactory to and in an amount set by the director for the payment of such owner's share of the cost of drilling, deepening or reopening the well.

(4) *Any well whose production is ordered pooled pursuant to KRS 353.500 to 353.720 shall be deemed for all purposes to have been so produced from each tract or portion thereof included in the pool in proportion to the amounts established in the pooling order* [~~From and after the date of the pooling all operations, including the commencement, drilling or operating of a well for the production of oil or gas, upon any tract or portion thereof pooled under KRS 353.500 to 353.720 with one or more other tracts or portions thereof shall be deemed for all purposes the conduct of such operations upon which tract or portion thereof included in the pooling; and that portion of production from the well shared by all owners of each tract or portion thereof included in the pooling shall be deemed to have been actually produced from the tract or portion thereof by a well drilled thereon~~].

Section 12. KRS 353.990 is amended to read as follows:

(1) Any person who wilfully violates any of the provisions of KRS 353.050 to 353.130 or KRS 353.200 relating to the manner of drilling and casing or plugging and filling any well, or fixing the distance from wells within which mining operations may not be conducted, or any person who wilfully violates any of the terms of an order of the department allowing mining operations within a lesser distance of any well than that prescribed by this chapter shall be fined not more than *one thousand dollars ($1,000) per day for each day the violation continues* [~~two hundred dollars ($200)~~] or imprisoned in jail for not more than twelve (12) months, or both.

(2) Any person who violates any of the provisions of subsection (1) of KRS 353.150 shall be fined *one thousand dollars ($1,000)* [~~one hundred dollars ($100)~~] for each offense and in addition thereto *one thousand dollars ($1,000)* [~~one hundred dollars ($100)~~] for each *day* [~~thirty (30) days~~] the violation continues. Each day that the violation continues shall constitute a separate offense.

(4) Any person who violates any of the provisions of subsection (1) of KRS 353.180 shall be fined [~~not less than one hundred ($100) nor more than~~] one thousand dollars ($1,000) *per day for each day the violation continues.*

(5) If any person violates any of the provisions of KRS 353.190 he shall be fined *one thousand dollars ($1,000)* [~~five dollars ($5.00)~~] for every twenty-four (24) hours that the violation continues.

Section . KRS 353.991 is amended to read as follows:

(1) Any person who violates any provision of KRS 353.570 shall be subject to a fine of not more than *one thousand dollars ($1,000)* [~~two hundred dollars ($200)~~] or imprisonment for a term not exceeding *one hundred and eighty (180)* [~~thirty (30)~~] days, or both.

(2) Any person, who continues to violate any provision of KRS 353.500 to 353.720, or any rule, regulation or order promulgated or issued under KRS 353.500 to 353.720 after being notified in writing of the violation by the department shall be subject to a fine of not more than *one thousand dollars ($1,000)* [~~two hundred dollars ($200)~~] or imprisonment for a term not exceeding *one hundred and eighty (180)* [~~thirty (30)~~] days, or both.

(3) Any person, who does any of the following for the purpose of evading or violating KRS 353.500 to 353.720, or any rule, regulation, or order promulgated or issued under KRS 353.500 to 353.720, shall be subject to a fine of not more than *one thousand dollars ($1,000)* [~~two hundred dollars ($200)~~] or imprisonment for a term not exceeding *one hundred and eighty (180)* [~~thirty (30)~~] days, or both:

Section 28. KRS 95.860 is amended to read as follows:

(1) Upon death of a member due to occupational causes, regardless of length of service, his surviving widow shall be entitled immediately upon cessation of salary to an annuity equal to fifty percent (50%) of the member's last rate of salary. This annuity shall be payable until she dies or remarries. *No surviving widow shall receive an annuity of less than one hundred and fifty dollars ($150) per month. When social security benefits are increased the minimum shall be increased by a like percentage, provided the increase shall not exceed five percent (5%).* In addition, if minor children, under age eighteen (18), survive the member, the widow shall receive on account of each child, ten percent (10%) of the member's last rate of salary until each child attains age eighteen (18). The combined payments to a widow and minor children shall not exceed seventy-five percent (75%) of his final rate of salary.

(2) If a widow does not survive the member, or if she remarries, and minor children under age eighteen (18) exist, each child shall be entitled to an annuity equal to fifteen percent (15%) of the member's last rate of salary until each child attains age eighteen (18), provided that the combined payments to such children shall not exceed fifty percent (50%) of the member's last rate of salary.

(3) If neither a widow nor minor children, eligible for benefits survive the member, each dependent parent shall be entitled to an annuity equal to twenty-five percent (25%) of the member's last rate of salary, or

fifty percent (50%) to both parents.

(4) If a widow would receive from a combination of: (a) survivor benefits pursuant to this section, excluding benefits for minor children, and (b) workmen's compensation benefits, excluding dependent children's allowances or payments for medical expenses or legal fees related to the workmen's compensation claim, an amount greater than one hundred percent (100%) of the deceased member's last rate of salary, then the pension system survivor benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The survivor benefit shall not be reduced, however, below an amount equal to two and one-half percent (2 1/2%) of average salary for each year of the deceased member's service. Any reduction in the survivor payment shall be based upon workmen's compensation benefits applicable at the time the survivor payment is granted, and not upon subsequent increases in either benefit. If workmen's compensation benefits are reduced at a subsequent time, the surviving spouse shall inform the board, and the board shall increase the survivor's benefit by the amount of the reductions, but not by more than an amount which would increase the survivor's benefit to fifty percent (50%) of last rate of salary. The board of trustees may pay estimated benefits to a surviving spouse, upon qualification for the benefits, based upon an estimate of workmen's compensation benefits until such amounts are actually determined, at which time a final calculation of the spouse's actual benefits shall be determined and the account corrected retroactive to the effective date of the survivor benefit. If workmen's compensation benefits are paid in lump sums, the board shall reduce the survivor benefit on a monthly rather than a lump sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the survivor. The board may request the assistance of the general manager of Kentucky retirement systems to calculate the reduction in survivor benefits when lump sum payments are involved, and the general manager shall provide such assistance upon request.

Section 29. KRS 95.861 is amended to read as follows:

(1) Upon death of a member occurring while in service, arising from any cause other than in the performance of duty, provided the member has had at least three (3) years of total service, his widow shall receive an annuity equal to one and one-half percent (1 1/2%) of average salary for each year of total service, credited to the member, subject to a maximum payment to the widow of fifty percent (50%). *If the member has had at least ten (10) years of total service, the widow shall receive an annuity of no less than one hundred and fifty dollars ($150) per month, and when social security benefits are increased the minimum shall be increased by a like percentage, but the increase shall not exceed five percent (5%). Payment of the annuity shall be* [~~and~~] subject to the following conditions:

(a) The widow had been married to the member at least one (1) year prior to his death;

(b) The widow is at least forty-five (45) years of age, otherwise payment will be deferred until she attains such age, except that if she is or becomes totally disabled before age forty-five (45), or has a minor child or children by the member in her care under age eighteen (18), (including adopted children provided the proceedings for adoption were initiated at least one (1) year prior to death of member) payment of the widow's annuity will begin immediately together with an additional allowance on account of the child or children;

(c) The widow's annuity will terminate in any event when the widow remarries. The annuity of each child or children shall continue until each child attains age eighteen (18).

(2) If the widow has minor children under age of eighteen (18), the annuity to the widow shall be increased one-half (1/2) on account of the first child and one-fourth (1/4) on account of each additional child, subject to a maximum combined payment to the widow and children of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13).

(3) If the pensioner is not survived by a widow and there are minor children the following benefits shall be paid: (a) one (1) minor child, fifty percent (50%), (b) two (2) minor children, fifteen percent (15%) additional, (c) three (3) or more minor children, ten percent (10%) additional, subject to a maximum combined payment of seventy-five percent (75%) of the average salary as defined in KRS 95.851(13). The annuity of each child or children shall continue until each child attains age eighteen (18), or, in the case of a child regularly employed in full-time educational activities the age of twenty-three (23). The annuity payments shall be reduced in reverse order.

(4) These benefits shall also be payable upon death of the member while on retirement, provided marriage was in effect for at least one (1) year before retirement.

Section 30. KRS 95.862 is amended to read as follows:

(1) In the event a total and permanent occupational disability occurs, the member shall receive an annuity equal to seventy percent (70%) of his last rate of salary. This benefit shall begin at such time as his salary may cease, and shall be paid during his entire lifetime. *Any member who retired prior to June 21, 1974 shall receive an increase of ten dollars ($10) per month for each year or part thereof of retirement prior to June 21, 1974, with a maximum increase of one hundred and seventy dollars ($170) per month.* Upon his death, his eligible widow and minor children, if any, shall receive the benefits as provided under KRS 95.860.

(2) If the member retired for total and permanent occupational disability would receive from a combination of (a) pension disability payments pursuant to subsection (1) of this section, and (b) workmen's

compensation payments, excluding spouse or dependent children's allowances or payments for medical expenses or legal fees related to the workmen's compensation claim, an amount greater than one hundred percent (100%) of his last rate of salary, then the pension system benefits shall be reduced to the point that the combined payments equal one hundred percent (100%) of the last rate of salary. The benefit shall not be reduced, however, below an amount equal to two and one-half percent (2 1/2%) of average salary for each year of the member's service. Any reduction in the payment shall be based upon workmen's compensation benefits applicable at the time the payment is granted, and not upon subsequent increases in either benefit. If workmen's compensation benefits are reduced at a subsequent time, the retiree shall inform the board, and the board shall increase the benefit by the amount of the reductions, but not by more than an amount which would increase the benefit to seventy percent (70%) of the last rate of salary. The board of trustees may pay estimated benefits to a retiree, upon qualification for the benefits, based upon an estimate of workmen's compensation benefits until such amounts are actually determined, at which time a final calculation of the actual benefits shall be determined and the account corrected retroactive to the effective date of the benefit. If workmen's compensation benefits are paid in lump sums, the board shall reduce the disability retirement annuity on a monthly rather than a lump sum basis. The amount of the monthly reduction shall be based upon the life expectancy of the retired member. The board may request the assistance of the general manager of Kentucky retirement systems to calculate the reduction in the retirement benefit when lump sum payments are involved, and the general manager shall provide such assistance upon request.

Section 31. KRS 95.863 is amended to read as follows:

(1) Upon total and permanent disability of a member as the result of any cause other than occupational disability, if a member shall have rendered at least ten (10) years of total service, he shall be entitled to a disability retirement annuity. The amount of such annuity shall be equal to two and one-half percent (2 1/2%) of average salary, as defined in KRS 95.851(13), for each full year of total service, subject to a minimum payment of twenty-five percent (25%) of such average salary, and a maximum payment of fifty percent (50%) of average salary. Payment of this annuity shall be made during disability of the member. *Any member who retired prior to June 21, 1974 shall receive an increase of ten dollars ($10) per month for each year or part thereof of retirement prior to June 21, 1974, with a maximum increase of one hundred and seventy dollars ($170) per month.* Upon death of the member, if an eligible widow or minor children survive, such survivors shall be entitled to the regular annuities provided under KRS 95.861.

(2) Any annuity for nonoccupational disability shall begin to accrue upon the expiration of ninety (90) days following the commencement of disability provided that if the member is receiving salary for sick leave for a period of more than ninety (90) days, payment shall accrue from the date such salary ceases. If written application for such annuity shall not have been filed with the board prior to the expiration of ninety (90) days from the date of disability, the annuity shall begin to accrue from the date the application shall be filed but not prior to the expiration of ninety (90) days from the date of disability, nor in any event prior to the time when salary payments to the employe shall have ceased."

Floor Amendment No. 3 to **SB 380**, by Representative McBee:

Amend printed copy of **SB 380** on page 35, line 17, inserting the following new section and renumber Section 26 as Section 27:

"Section 26. KRS 83A.130 is amended to read as follows:

(1) The form of government provided in this section shall be known as the mayor-council plan and this section shall together with KRS 83A.010 to 83A.120 govern any city declared to be under the mayor-council plan by KRS 83A.020 or which has adopted the mayor-council plan pursuant to KRS 83A.160.

(2) Each city under this section shall be governed by an elected executive who shall be called mayor and by an elected legislative body which shall be called the city council, and by such other officers and employes as may be provided for by statute or city ordinance.

(3) The executive authority of the city shall be vested in and exercised by the mayor. The mayor shall enforce the mayor-council plan, city ordinances and orders and all applicable statutes. He shall supervise all departments of city government and the conduct of all city officers and employes under his jurisdiction and shall require each department to make reports to him required by ordinance or as he deems desirable. The mayor shall maintain liaison with related units of local government respecting interlocal contracting and joint activities. The mayor shall report to the council and to the public on the condition and needs of city government as he finds appropriate or as required by ordinance, but not less than annually. He shall make any recommendations for actions by the council he finds in the public interest.

(4) Subject to disapproval of the council, the mayor shall promulgate procedures to insure orderly administration of the functions of city government and compliance with statute or ordinance. Upon promulgation or upon revision or rescission of the procedures, copies shall be filed with the person responsible for maintaining city records as provided under KRS 83A.060.

(5) The mayor shall preside at meetings of the council. The council may set by ordinance the manner in which one of its number may be selected to preside at meetings of the council in place of the mayor. The mayor may participate in council proceedings, but shall not have a vote, except that he may cast the deciding vote in case of a tie.

(6) All ordinances adopted by the council shall be submitted to the mayor who shall within ten (10) days after submission either approve the ordinance by affixing his signature or disapprove it by returning it to the council together with a statement of his objections. No ordinance shall take effect without the mayor's approval unless he fails to return it to the legislative body within ten (10) days after receiving it or unless the council votes to override the mayor's veto, upon reconsideration of the ordinance not later than the second regular meeting following its return, by the affirmative vote of one (1) more than a majority of the membership.

(7) Any delegation of the mayor's power, duties or responsibilities to subordinate officers and employes and any expression of his official authority to fulfill executive functions shall be made by executive order. Executive orders shall be sequentially numbered by years and shall be kept in a permanent file.

(8) All bonds, notes, contracts and written obligations of the city shall be made and executed by the mayor or his agent designated by executive order.

(9) The mayor shall be the appointing authority with power to appoint and remove all city employes, including police officers, *subject to disapproval of the council,* except as tenure and terms of employment are protected by statute, ordinance or contract and except for employes of the council.

(10) The mayor shall provide for the orderly continuation of the functions of city government at any time he is unable to attend to the duties of his office by delegating responsibility for any function to be performed in accordance with subsection (7) of this section, provided that the mayor shall not delegate the responsibility of presiding at meetings of the council and that approving ordinances or promulgating administrative procedures may only be delegated to an elected officer. With approval of the council, the mayor may rescind any action taken in his absence under this subsection within thirty (30) days of such action. If for any reason the disability of the mayor to attend to his duties persists for sixty (60) consecutive days, the office of mayor may be declared vacant by a majority vote of the council and the provisions of KRS 83A.040 shall apply.

(11) The legislative authority of the city shall be vested in and exercised by the elected council of the city. The council shall not perform any executive functions except those functions assigned to it by statute. Regular meetings of the council shall be held at least once each month at such times and places as are fixed by ordinance. Special meetings of the council may be called by the mayor or upon written request of a majority of the council. In the call, the mayor or council shall designate the purpose, time and place of the special meeting with sufficient notice for the attendance of council members and for compliance with KRS Chapter 61. At a special meeting no business may be considered other than that set forth in the designation of purpose. The minutes of every meeting shall be signed by the person responsible for maintaining city records provided under KRS 83A.060 and by the officer presiding at the meeting.

(12) The council shall by ordinance establish all appointive offices and the duties and responsibilities of those offices and codes, rules and regulations for the public health, safety and welfare. The council shall by ordinance provide for sufficient revenue to operate city government and shall appropriate the funds of the city in a budget which shall provide for the orderly management of city resources.

(13) The council shall have the right to investigate all activities of city government. The council may require any city officer or employe to prepare and submit to it sworn statements regarding his performance of his official duties. Any statement required by the council to be submitted or any investigation undertaken by the council, if any office, department or agency under the jurisdiction of the mayor is involved, shall not be submitted or undertaken unless and until written notice of the council's action is given to the mayor. The mayor shall have the right to review any statement before submission to the council and to appear personally or through his designee on behalf of any department, office or agency in the course of any investigation."

school authorities of the other school district for that purpose, but before such a contract is entered into with public school authorities in another state the school must have been approved by the state school authorities of that state through the grades in which the pupil belongs. "Section 5. KRS 278.290 is amended to read as follows:

(1) Subject to the provisions of subsection (2) of this section, the commission may ascertain and fix the value of the whole or any part of the property of any utility in so far as the value is material to the exercise of the jurisdiction of the commission, and may make revaluations from time to time and ascertain the value of all new construction, extensions and additions to the property of the utility. In fixing the value of any property under this subsection, the commission shall give due consideration to the history and development of the utility and its property, original cost, cost of reproduction as a going concern, capital structure, and other elements of value recognized by the law of the land for rate-making purposes.

(3) In any rate investigation where the utility serves two (2) or more municipalities, the commission may, in computing the rate of return on the property used and useful, take as the base for the computation the valuation of the system as a whole, but may make a differential in the case of an individual municipality in proportion to the increased cost of service, if the utility can show that such a differential should be allowed.

(4) In any rate-making proceeding, the commission shall recognize and accept as a legitimate operating expense any amounts paid by a utility pursuant to a collective bargaining agreement entered into by the utility and the official bargaining representative of its collective bargaining unit."

Message from Governor

Announcing veto of **HB 519**, March 23, 1984.

The Veto Message on **HB 519** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto House Bill 519. The original intention of this bill was to make owners of vehicles with equipment defects responsible for those defects, rather than the person driving the vehicle when a citation for the defect was issued. However, the bill also makes the owner responsible for violations of KRS 189.040(4), (5) and (6) which deal with the proper manner of dimming and brightening a vehicle's lights in specified situations. In no way should an owner who is not operating his vehicle at the time of the violation of these subsections be responsible for such violations. The bill also makes the owner responsible in a similar fashion for violations of KRS 189.070(2) and KRS 189.080.

Perhaps the major problems association with House Bill 519 are those of enforcement. During 1983, the Kentucky State Police issued a total of 2,151 citations for equipment violations. Of this total, a conservative estimate of 500 vehicles are being driven by someone other than the owner.

House Bill 519 requires a police officer to issue an equipment violation citation only to the owner. This will place an extreme hardship on the officer since the officer would have to obtain a warrant for the owner based on information obtained from the operator and the vehicle itself. The process required in obtaining a warrant is lengthy and a minimum of four hours would be required of the officer. Additionally, time would have to be spent in locating and processing the owner after the warrant was signed. This would present an obvious problem for cited vehicles with out-of-state ownership.

The fiscal impact of House Bill 519 would be tremendous. The officer time lost while obtaining the warrant and the fact that the officer is unable to perform other police duties during this time clearly overshadows any good that could be gained by requiring the owner instead of the operator be charged for an equipment violation.

Even though the operator is cited for an equipment violation, the owner is ultimately responsible for any repairs that must be made to the vehicle.

Such co-payment provision shall provide the purchaser with the option of paying twenty percent (20%) of the first ten thousand dollars ($10,000) of covered expenses incurred by the enrollee and any eligible dependent.

(2) The requirements of this section shall apply to all policies, certificates, agreements and contracts with major medical coverage delivered or issued for delivery in the Commonwealth or any health maintenance organization after the effective day of this Act and all such policies, certificates, agreements and contracts in effect on the effective date of this Act which are renewed after the effective date.

(3) The premiums charged for any policy delivered or issued for delivery in this state which contains a co-payment option pursuant to Section 1 of this Act shall be lower than the premium for comparable major medical coverage without a co-payment provision.

SB 312, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.32-130 is amended to read as follows:

The commissioner shall not issue or renew a certificate of authority to any corporation operating or proposing to operate a nonprofit hospital, medical-surgical, dental, or other health service plan unless:

(1) The subscription or membership certificates which the corporation offers to its subscribers or members, together with a schedule of the dues and fees to be paid by subscribers or members, or the formula for developing dues or fees, has been filed with the commissioner in accordance with the provisions of KRS 304.32-160.

(2) *(a) As to a corporation with unencumbered reserves or surplus in excess or surplus in excess of ten million dollars ($10,000,000),* the schedule of the dues and fees to be paid by subscribers or members is one which will enable the corporation to meet the expenses of the hospital, medical-surgical, and other health services which are made available to its subscribers or members without impairing the guarantee fund required by KRS 304.32-140, and one which will not result in an accumulation of excess reserves over and above reserves established for claims in process, unreported and unbilled claims. *As*[~~, retroactive cost adjustment to the purveyors of hospital, medical-surgical, and other health services and membership dues or fees received in advance but not yet earned. So~~] long as a corporation's unencumbered reserve or surplus over and above the required reserves specified in this section *exceeds* [~~do not exceed~~] a sum equal to *one-fourth (1/4)* [~~one-half (1/2)~~] of the corporation's total membership dues or subscription fees received during the immediate preceding calendar year, the unencumbered reserve or surplus, *as determined at the end of the corporation's*

current fiscal year, shall [~~not~~] be deemed an excessive accumulation for the purposes of this *paragraph. The commissioner shall continue the certificate of authority of any corporation that notifies the commissioner in writing immediately upon determining that its reserves are excessive as defined in the paragraph and, within ninety (90) days after such notice, files with the commissioner for his approval a plan which will reduce the corporation's reserves to a level not excessive as defined in this paragraph.*

(b) As to a corporation with unencumbered reserves or surplus of less than ten million dollars ($10,000,000), the schedule of the dues and fees to be paid by subscribers or members is one which will enable the corporation to meet the expenses of the hospital, medical-surgical, and other health services which are made available to its members without impairing the guarantee fund required by KRS 304.32-140, and one which will not result in an accumulation of excess reserves established for claims in process, unreported and unbilled claims, retroactive cost adjustment to the purveyors of hospital, medical-surgical, and other health services and membership dues or fees received in advance but not yet earned. So long as the corporation's unencumbered reserve or surplus over and above the required reserves specified in this section do not exceed a sum equal to one fourth (1/4) of the corporation's total membership dues or subscription fees received during the immediate preceding calendar year, the unencumbered reserve or surplus shall not be deemed an excessive accumulation for the purposes of this paragraph [~~section~~].

The Committee Amendment No. 1 to **SB 312** is as follows:

Amend printed copy of **SB 312**, page 1, line 14, after the word "*reserves*" by deleting "*or surplus in excess*"; and

On page 3, line 14, by deleting "*one fourth (1/4)*" and inserting "*one half (1/2)*" in lieu thereof.

SB 384, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.18-110 is amended to read as follows:

(1) [~~Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical expense benefits, other than for specific disease or accidental injury only, shall provide that with respect to employes or members having been covered under the group policy for at least three (3) months, such employes or members shall have the right upon termination of employment or membership in the group to have the existing group coverage continued for themselves and their eligible dependents. Written notice of employe's right to continue existing group coverage shall be given by the insurance company in each master policy, certificate and group policy issued after July 15, 1982. The insurance company shall furnish each employer or group policyholder an adequate supply of attachments for each master policy, certificate or group policy already in effect. An employe or member electing continuation of coverage shall provide the insurance company written notice of election together with the first monthly premium contribution within thirty-one (31) days of the date coverage would otherwise terminate. The group rate premium shall be paid by the employe directly to the insurance company. The premium rate shall be that required for the coverage being continued and shall not exceed the applicable group rate. Continuation of coverage shall not be available for any employe or member who is or could be covered by medicare, nor who is or could be covered by any other group coverage insured or uninsured providing similar benefits. Continuation of coverage shall terminate on the earlier of:~~

~~(a) The date nine (9) months after the date on which the group coverage would otherwise have terminated because of termination of employment or membership;~~

~~(b) If the employe or member fails to make timely payment of premium to the insurance company, the end of the period for which premium payment was made; or~~

~~(c) the date the group policy is terminated and is not replaced by another group policy within thirty-one (31) days.~~

~~(2) Any group policy described in subsection (1) of this section shall also provide that an employe or member having elected continuation of coverage pursuant to subsection (1) of this section and any covered spouse of an employe or member upon the death or divorce of such employe or member, shall be entitled to have issued to them without evidence of insurability, a health insurance policy on a form then available for conversion from the group coverage, by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or members, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of (a) the effective date of the converted policy or (b) the date of application therefor, and applicable to the class of risk to which the covered persons belong, their~~

~~ages, the form, and the amount of insurance provided.~~

~~(3)~~] Any group policy as defined in KRS 304.18-020 delivered or issued for delivery in this state which provides hospital or surgical benefits other than for specific diseases or accidental injury only, shall provide that if coverage terminates for any reason and if the individual has been continuously insured under a group policy and under any group policy it replaces for at least three months immediately preceding the termination of coverage, he shall be entitled to have issued to him by the insurer, without evidence of insurability, a health insurance policy on a form providing substantially similar benefits, which shall include the option to continue any existing maternity benefits, *and major medical coverage,* by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the person or member, to the insurer not later than thirty-one (31) days after such termination of coverage. Such premium shall be in accordance with the insurer's table of premium rates in effect on the later of:

(a) The effective date of the converted policy; or

(b) The date of application therefor, and applicable to the class of risk to which the covered persons belong and to their ages and to the form and amount of insurance provided.

(2)[~~(4)~~] The converted policy shall cover the person or member and his eligible dependents covered by the group policy on the date the group policy terminated. The effective date of any such converted policy shall be the date of termination of insurance under the group policy.

(3)[~~(5)~~] The insurer shall not be required to issue a converted policy covering any person if such person is or could be covered by medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded). Furthermore, the insurer shall not be required to issue a converted policy covering any person if:

(a) Such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program; or

(b) Similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute, and the benefits provided or available under any of the sources referred to in paragraph (a) and this paragraph for such person, together with the converted policy, would result in over insurance according to the insurer's standards relating to policies converted from group policies. A converted policy made available pursuant hereto shall provide substantially similar benefits but in no event be less than the minimum standards contained in KRS 304.18-120 if delivery of such converted policy is to be made in this state; and, if delivery of such converted policy is to be made elsewhere, it may be on such form as the insurer may then be offering for such conversion in the jurisdiction where such delivery is to be made and which provides substantially in compliance with that required by KRS 304.18-120;

(c) Notwithstanding any provision of this subsection, the insurer shall not refuse to issue a conversion policy if the coverage provided or available to any such person excludes coverage for pregnancy, illness or injury on the grounds of a preexisting condition, unless the person has exceeded the waiting period under the coverage provided or available.

(3) The converted policy may not exclude coverage for pregnancy or illness or injury on the grounds of a preexisting condition, if the combination of time served under the group and conversion policy equals or exceeds the waiting period under the group contract.

(4) In the event coverage would be continued under the group policy on a person or member following his retirement prior to the time he is or could be covered by medicare, he may elect, in lieu of such continuation of group insurance, to have the same conversion rights as would apply had his insurance terminated at retirement by reason of termination of employment.

(5)[~~(7)~~] The conversion privilege shall also be available:

(a) To the surviving spouse, at the death of the person or member, with respect to the spouse and such children whose coverage under the group policy terminates by reason of the death of the person or member; or

(b) To a child solely with respect to himself upon termination of his coverage by reason of operation of the limiting age of coverage under the group policy while covered as a dependent thereunder; or

(c) To a former spouse for himself and such children of whom he is awarded custody when coverage under the group policy terminates by reason of termination of dependency as defined in the group policy and resulting from an order dissolving the marriage entered by a court of competent jurisdiction.

[~~(8) This section shall not apply to group major medical expense insurance which supplements basic hospital, medical and surgical coverage under one (1) or more group policies, group contracts or group remittance contracts from which a converted policy or a continuation of coverage is available providing benefits equivalent to the minimum benefits for a converted policy under this section.~~]

(6)[~~(9)~~] If a person or member becomes entitled to obtain a converted policy pursuant to the foregoing provisions, and if such person or member has not been given written notice of the existence of the conversion privilege stated above, within thirty-one (31) days of termination of the group coverage, then in such event the person or member shall have an additional period within which to exercise the conversion privilege. This additional period shall expire fifteen (15) days after the person or member shall have been

given said notice but in no event shall the additional period extend beyond sixty (60) days after the expiration of the thirty-one (31) day conversion period stated above. Written notice presented to the person or member or mailed by the policyholder to the last known address of the person or member or mailed by the insurer to the last known address of the person or member as furnished by the policyholder shall constitute the giving of notice for the purpose of this subsection. If an additional period is allowed the person or member for exercise of the conversion privilege as provided herein, and if written application for the converted policy, accompanied by the first quarterly or semiannual or annual premium, is made after the expiration of the thirty-one (31) day conversion period stated above, but within the additional period allowed an employe or member in accordance with this subsection, the effective date of the converted policy shall be the date of termination from the group.

Section 2. KRS 304.18-120 is amended to read as follows:

(1) A converted policy issued pursuant to the conversion privilege *of Section 1 of this Act* [~~contained in a group policy providing hospital or surgical expense insurance~~] shall provide *substantially similar benefits to the terminated group coverage but in no event less than* [~~on an expense incurred basis,~~] the following minimum benefits:

(a) Hospital room and board benefits of *fifty* [~~twenty-five~~] dollars *($50.00)* [~~($25.00)~~] per day, for a minimum duration of seventy (70) days for any one period of hospital confinement as defined in the converted policy.

(b) Miscellaneous hospital expense benefits for any one period of hospital confinement in a minimum amount up to twenty (20) times the hospital room and board daily benefit provided under the converted policy.

(c) Surgical operation expense benefits according to a relative value schedule, or a minimum of $250.

(d) The option to continue any existing benefits on account of pregnancy, childbirth, or miscarriage.

(2) The relative values in the surgical schedule shall be consistent with the schedule of operations generally offered by the insurer under group or individual health insurance policies. In the event that the insurer and the group policyholder agree upon one (1) or more additional plans of benefits to be available for converted policies, the applicant for the converted policy may, at his option, elect such a plan in lieu of a converted policy providing the benefits of *paragraphs* (a), (b) and (c) in subsection (1) *of this section.* In no event shall the benefits be less than the minimums set forth in subsection (1) of this section.

(3) In no event need the insurer provide under the converted policy:

(a) Benefits on account of [~~pregnancy, childbirth, miscarriage,~~] abortion, or complications [~~of any~~] thereof,

(b) The benefits of *paragraphs* (a) and (b) of subsection (1) *of this section* [~~above~~], unless the group policy from which conversion is made provided hospital expense insurance benefits, or

(c) The benefits of *paragraph* (c) of subsection (1) *of this section* [~~above~~], unless the group policy provided surgical expense insurance benefits. Furthermore, the converted policy may contain any exclusion, reduction, or limitation contained in the group policy and any exclusion, reduction or limitation customarily used in individual policies issued by the insurer. With respect to any person who was covered by the group policy, the period specified in the time limit on certain defenses of the incontestable provision of the converted policy shall commence with the date the insurance on such person or member became effective under the group policy.

(4) The converted policy may provide that any hospital, surgical, or medical expense benefits *or major medical benefits,* otherwise payable thereunder with respect to any person covered thereunder may be reduced by the amount of any such benefits payable under the group policy for the same loss with respect to such person after termination of such person's coverage thereunder. The insurer shall not be entitled to use deterioration of health as the basis for refusing to renew a converted policy. The converted policy may provide for termination of coverage thereunder on any person when he is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the Social Security Amendments of 1965 or as later amended or superseded).

(5) A converted policy may include a provision whereby the insurer may request information in advance of any premium due date of such policy of any person covered thereunder as to whether*:*

(a) He is covered for similar benefits by another hospital, surgical, or medical expense *or major medical* insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program*;* or

(b) Similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute.

If any such person is so covered or such statutory benefits are provided or available, and such person fails to furnish the insurer the details of such coverage within thirty-one days after the date of such request, the benefits payable under the converted policy may be based on the hospital or surgical, [~~or~~] medical *or major medical* expenses actually incurred after excluding expenses to the extent of the amount of benefits provided or available therefor from any of the sources referred to in *paragraphs* (a) and (b) *of this section* [~~above~~]. A converted policy may contain any provisions permitted herein and may also include any other provisions not expressly prohibited by law; and any provision required to be permitted herein may be made a part of any such policy by means of an endorsement or rider.

Section 3. The following sections of KRS Chapter 304 are repealed:

304.32-152 Continuation of group coverage.
304.38-192 Continuation of group coverage.

SB 388, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 2 IS CREATED TO READ AS FOLLOWS:

(1) The commissioner shall develop a consumer information system on health insurance that will disseminate price, average claim payment time, consumer complaint statistics, and other relevant information on a readily available basis.

(2) All insurers authorized to transact health insurance in the Commonwealth, all nonprofit hospitals, medical-surgical, dental and health service organizations licensed under this chapter, subtitle 32, and health maintenance organizations licensed under this chapter, subtitle 38, shall, upon order of the commissioner, promptly furnish requested data to the department for the consumer information system.

(3) The reasonable cost of developing a consumer information system will be assessed against insurers authorized to transact health insurance in the Commonwealth, nonprofit hospitals, medical-surgical, dental and health service organizations organized under this chapter, subtitle 32, and health maintenance organizations organized under this chapter, subtitle 38, on an equitable basis. The commissioner may, by order, exempt or defer any organization from assessment, if it would cause its financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance.

Section 2. KRS 304.32-300 is amended to read as follows:

(1) Any private employer doing business in this state who provides for his employes on a self-insured basis, hospital or surgical benefits, other than for specific diseases or accidental injury only, shall purchase a conversion health insurance policy. Upon the termination of the employment of any employe who has been continuously employed for not less than six months immediately preceding the termination, the employe shall be entitled to have issued to him by the insurer, without evidence of insurability, a health insurance policy on a form then available for conversion from the health benefit plan provided by the employer by making written application therefor, accompanied by the first quarterly, semiannual or annual premium, at the option of the employe to the employer not later than thirty-one days after such termination.

(2) The individual health insurance policy available as provided in subsection (1) shall cover the employe and his dependents for whom the employer provided health or surgical benefits on the date the employment was terminated. The effective date of any such individual policy shall be the date of the termination of the employment.

(3) The employe shall not be entitled to be issued a converted policy upon termination of employment if he is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the social security amendments of 1965 or as later amended or superseded). Furthermore, the employe shall not be entitled to be issued a converted policy if (a) such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or are available to, such person pursuant to, or in accordance with the requirements of any statute, and the benefits provided or available under any of the sources referred to in (a) and (b) above for such employe, together with the converted policy, would result in over insurance according to the employer's standards relating to policies converted from the hospital or surgical benefits provided by the employer. *Notwithstanding any provision of this subsection, the employe shall be entitled to a conversion policy if the coverage provided or available to the employe excludes coverage for pregnancy, illness or injury on the grounds of a preexisting condition, unless the employe has exceeded the waiting period under the coverage provided or available.*

(4) The surviving spouse, at the death of an employe, shall be entitled to be issued a converted policy with respect to the spouse and such children whose coverage under the employer's hospital or surgical benefits terminates by reason of the death of an employe.

(5) If an employe or employe's spouse becomes entitled to obtain a converted policy pursuant to the foregoing provisions, and if such person has not been given written notice of the existence of the conversion privilege stated above, within 31 days of termination of the group coverage, then in such event the person shall have an additional period within which to exercise the conversion privilege. This additional period shall

expire 15 days after the person shall have been given said notice but in no event shall the additional period extend beyond 60 days after the expiration of the 31-day conversion period stated above. Written notice presented to the person or mailed by the employer to the last known address of the person or mailed by the insurer to the last known address of the person as furnished by the employer shall constitute the giving of notice for the purpose of this paragraph. If an additional period is allowed the person for exercise of the conversion privilege as provided herein, and if written application for the converted policy, accompanied by the first quarterly or semiannual or annual premium, is made after the expiration of the 31-day conversion period stated above, but within the additional period allowed an employe or spouse in accordance with this paragraph, the effective date of the converted policy shall be the date of termination of employment.

(6) The converted policy may not exclude coverage for pregnancy or illness or injury on the grounds of a preexisting condition if the combination of time served under the self-insurer's program and the conversion policy equals or exceeds the waiting period under the self-insurer's program.

Section 3. KRS 304.32-310 is amended to read as follows:

(1) A converted policy issued pursuant to the conversion privilege provided in KRS 340.32-300 [~~providing hospital or surgical expense insurance~~] shall provide *substantially similar benefits to the terminated coverage but in no event less than* [~~on an expense incurred basis,~~] the following minimum benefits:

(a) Hospital room and board benefits of *fifty* [~~twenty-five~~] dollars *($50)* [~~($25)~~] per day, for a minimum duration of seventy (70) days for any one period of hospital confinement as defined in the converted policy.

(b) Miscellaneous hospital expense benefits for any one (1) period of hospital confinement in a minimum amount up to twenty (20) times the hospital room and board daily benefit provided under the converted policy.

(c) Surgical operation expense benefits according to a relative value schedule, or a minimum of $250.

(d) The option to continue any existing benefits on account of pregnancy, childbirth, or miscarriage.

(2) The relative values in the surgical schedule shall be consistent with the schedule of operations generally offered by the insurer under group or individual health insurance policies. In the event that the insurer and the employer agree upon one or more additional plans of benefits to be available for converted policies, the applicant for the converted policy may, at his option, elect such a plan in lieu of a converted policy providing the benefits of (a), (b) and (c) in subsection (1) of this section. In no event shall the benefits be less than the minimums set forth in subsection (1) of this section.

(3) In no event need the insurer provide under the converted policy: (a) benefits on account of [~~pregnancy, childbirth, miscarriage,~~] abortion, or complications [~~of any~~] thereof, (b) the benefits of (a) and (b) of subsection (1) above, unless the group policy from which conversion is made provided hospital expense insurance benefits, or (c) the benefits of (c) of subsection (1) above, unless the group policy provided surgical expense insurance benefits. Furthermore, the converted policy may contain any exclusion, reduction, or limitation contained in the group policy and any exclusion, reduction or limitation customarily used in individual policies issued by the insurer. With respect to any person who was covered by the group policy, the period specified in the time limit on certain defenses of the incontestable provision of the converted policy shall commence with the date the insurance on such person or member became effective under the group policy.

(4) The converted policy may provide that any hospital, surgical, or medical expense benefits otherwise payable thereunder with respect to any person covered thereunder may be reduced by the amount of any such benefits payable under the group policy for the same loss with respect to such person after termination of such person's coverage thereunder. The insurer shall not be entitled to use deterioration of health as the basis for refusing to renew a converted policy. The converted policy may provide for termination of coverage thereunder on any person when he is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the social security amendments of 1965 or as later amended or superseded).

(5) A converted policy may include a provision whereby the insurer may request information in advance of any premium due date of such policy of any person covered thereunder as to whether (a) he is covered for similar benefits by another hospital, surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute. If any such person is so covered or such statutory benefits are provided or available, and such person fails to furnish the insurer the details of such coverage within thirty-one (31) days after the date of such request, the benefits payable under the converted policy may be based on the hospital or surgical or medical expenses actually incurred after excluding expenses to the extent of the amount of benefits provided or available therefor from any of the sources referred to in (a) and (b) above. A converted policy may contain any provisions permitted herein and may also include any other provisions not expressly prohibited by law; and any provision required to be permitted herein may be made a part of any such policy by means of an endorsement or rider.

The effective date of any such individual policy shall be the date of the termination of the employment.

(3) The employe shall not be entitled to be issued a converted policy upon termination of employment if he is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the social security amendments of 1965 or as later amended or superseded). Furthermore, the employe shall not be entitled to be issued a converted policy if (a) such person is covered for similar benefits by another hospital or surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or are available to, such person pursuant to, or in accordance with the requirements of any statute, and the benefits provided or available under any of the sources referred to in (a) and (b) above for such employe, together with the converted policy, would result in over insurance according to the employer's standards relating to policies converted from the hospital or surgical benefits provided by the employer. *Notwithstanding any provision of this subsection, the employe shall be entitled to a conversion policy if the coverage provided or available to the employe excludes coverage for pregnancy, illness or injury on the grounds of a preexisting condition, unless the employe has exceeded the waiting period under the coverage provided or available.*

(4) The surviving spouse, at the death of an employe, shall be entitled to be issued a converted policy with respect to the spouse and such children whose coverage under the employer's hospital or surgical benefits terminates by reason of the death of an employe.

(5) If an employe or employe's spouse becomes entitled to obtain a converted policy pursuant to the foregoing provisions, and if such person has not been given written notice of the existence of the conversion privilege stated above, within 31 days of termination of the group coverage, then in such event the person shall have an additional period within which to exercise the conversion privilege. This additional period shall expire 15 days after the person shall have been given said notice but in no event shall the additional period extend beyond 60 days after the expiration of the 31-day conversion period stated above. Written notice presented to the person or mailed by the employer to the last known address of the person or mailed by the insurer to the last known address of the person as furnished by the employer shall constitute the giving of notice for the purpose of this paragraph. If an additional period is allowed the person for exercise of the conversion privilege as provided herein, and if written application for the converted policy, accompanied by the first quarterly or semiannual or annual premium, is made after the expiration of the 31-day conversion period stated above, but within the additional period allowed an employe or spouse in accordance with this paragraph, the effective date of the converted policy shall be the date of termination of employment.

(6) The converted policy may not exclude coverage for pregnancy or illness or injury on the grounds of a preexisting condition, if the combination of time served under the self-insurer's program and the conversion policy equals or exceeds the waiting period under the self-insurer's program.

Section 6. KRS 304.32-310 is amended to read as follows:

(1) A converted policy issued pursuant to the conversion privilege provided in KRS 340.32-300 [~~providing hospital or surgical expense insurance~~] shall provide *substantially similar benefits to the terminated coverage but in no event less than* [~~on an expense incurred basis,~~] the following minimum benefits:

(a) Hospital room and board benefits of *fifty* [~~twenty five~~] dollars *($50)* [~~($25)~~] per day, for a minimum duration of seventy (70) days for any one period of hospital confinement as defined in the converted policy.

(b) Miscellaneous hospital expense benefits for any one (1) period of hospital confinement in a minimum amount up to twenty (20) times the hospital room and board daily benefit provided under the converted policy.

(c) Surgical operation expense benefits according to a relative value schedule, or a minimum of $250.

(d) The option to continue any existing benefits on account of pregnancy, childbirth, or miscarriage.

(2) The relative values in the surgical schedule shall be consistent with the schedule of operations generally offered by the insurer under group or individual health insurance policies. In the event that the insurer and the employer agree upon one or more additional plans of benefits to be available for converted policies, the applicant for the converted policy may, at his option, elect such a plan in lieu of a converted policy providing the benefits of (a), (b) and (c) in subsection (1) of this section. In no event shall the benefits be less than the minimums set forth in subsection (1) of this section.

(3) In no event need the insurer provide under the converted policy: (a) benefits on account of [~~pregnancy, childbirth, miscarriage,~~] abortion, or complications [~~of any~~] thereof, (b) the benefits of (a) and (b) of subsection (1) above, unless the group policy from which conversion is made provided hospital expense insurance benefits, or (c) the benefits of (c) of subsection (1) above, unless the group policy provided surgical expense insurance benefits. Furthermore, the converted policy may contain any exclusion, reduction, or limitation contained in the group policy and any exclusion, reduction or limitation customarily used in individual policies issued by the insurer. With respect to any person who was covered by the group policy, the period specified in the time limit on certain defenses of the incontestable provision of the converted policy shall commence with the date the insurance on such person or member became effective under the group policy.

(4) The converted policy may provide that any hospital, surgical, or medical expense benefits otherwise payable thereunder with respect to any person covered thereunder may be reduced by the amount of any such benefits payable under the group policy for the same loss with respect to such person after termination of such person's coverage thereunder. The insurer shall not be entitled to use deterioration of health as the basis for refusing to renew a converted policy. The converted policy may provide for termination of coverage thereunder on any person when he is or could be covered by Medicare (Title XVIII of the United States Social Security Act as added by the social security amendments of 1965 or as later amended or superseded).

(5) A converted policy may include a provision whereby the insurer may request information in advance of any premium due date of such policy of any person covered thereunder as to whether (a) he is covered for similar benefits by another hospital, surgical or medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan or by any other plan or program or (b) similar benefits are provided for, or available to, such person pursuant to, or in accordance with the requirements of, any statute. If any such person is so covered or such statutory benefits are provided or available, and such person fails to furnish the insurer the details of such coverage within thirty-one (31) days after the date of such request, the benefits payable under the converted policy may be based on the hospital or surgical or medical expenses actually incurred after excluding expenses to the extent of the amount of benefits provided or available therefor from any of the sources referred to in (a) and (b) above. A converted policy may contain any provisions permitted herein and may also include any other provisions not expressly prohibited by law; and any provision required to be permitted herein may be made a part of any such policy by means of an endorsement or rider.

(b) He has been discharged for misconduct or dishonesty connected with his most recent work, or from any work which occurred after the first day of the worker's base period and which last preceded his most recent work, but legitimate activity in connection with labor organizations or failure to join a company union shall not be construed as misconduct; or

(c) He has left his most recent suitable work or any other suitable work which occurred after the first day of the worker's base period and which last preceded his most recent work voluntarily without good cause attributable to the employment. *No otherwise eligible worker shall be disqualified from receiving benefits for leaving his next most recent suitable work to return to work with his usual employer or to avoid imminent layoff (of which he has been given notice by his employer) by accepting other work, or for leaving work which was concurrent with his most recent work, or for leaving part-time work which preceded his most recent suitable work to accept such most recent suitable work.*

(2) A worker shall be disqualified from receiving benefits for any week with respect to which he knowingly made a false statement to establish his right to or the amount of his benefits, and, within the succeeding twenty-four (24) months, for such additional weeks immediately following the date of discovery, not to exceed a total of fifty-two (52), as may be determined by the secretary.

(5) No worker shall be disqualified or held ineligible under the provisions of this section or KRS 341.350, who is separated from employment pursuant to a labor management contract or agreement, or pursuant to an established employer plan, program or policy, which permits the employer to close the plant or facility for purposes of vacation or maintenance.

(6) "Discharge for misconduct" as used in this section shall include but not be limited to separation initiated by an employer for falsification of an employment application to obtain employment through

(7) "Duration of any period of unemployment," as that term is used in this section, shall be the period of time beginning with the worker's discharge, voluntary quitting, or failure to apply for or accept suitable work and running until such worker has worked in each of ten (10) weeks, whether or not consecutive, and has earned ten (10) times his weekly benefit rate in employment covered under the provisions of this chapter or a similar law of another state or of the United States."

Floor Amendment No. 4 to **SB 352**, by Representative McBee:

Amend printed copy of **SB 352**, page 71, by inserting after line 3, the following:

"Section 45. KRS 346.010 is amended to read as follows:

The general assembly hereby declares that it serves a public purpose and is of benefit to the state to indemnify those needy *persons* [~~residents of the Commonwealth of Kentucky~~] who are innocent victims of criminal acts and who suffer bodily *or psychological* injury or death as a consequence thereof. Such persons or their dependents may thereby suffer disability, incur financial hardships and become dependent upon public assistance. To that end, it is the general assembly's intent that aid, care and support be provided by the state, as a matter of grace, for such victims of crime.

Section 46. KRS 346.020 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Board" means the crime victims compensation board.

(2) "Claimant" means any of the following claiming compensation under this chapter: a victim, a dependent of a deceased victim, a third person other than a collateral source, or an authorized person acting on behalf of any of them.

(3) "Criminally injurious conduct" means conduct that occurs or is attempted in this jurisdiction, poses a substantial threat of personal injury or death, and is punishable by fine, imprisonment or death. Acts which, but for the insanity or mental irresponsibility or lack of capacity of the perpetrator, would constitute criminal conduct shall be deemed to be criminally injurious conduct. The operation of a motor vehicle, motorcycle, train, boat, aircraft or other vehicle in violation of law does not constitute a criminally injurious conduct unless the injury or death was intentionally inflicted.

(4) "Family," when used with reference to a person, shall mean:

(a) Any person related to such person within the third degree of consanguinity;

(b) Any person maintaining a sexual relationship with such person; or

(c) Any person residing in the same household with such person.

(5) "Victim" means a *needy person* [~~resident of this state or the resident of a reciprocal state,~~] who suffers personal injury or death from a criminal act in Kentucky as a result of:

(a) Criminally injurious conduct;

(b) A good faith effort to prevent criminally injurious conduct; or

(c) A good faith effort to apprehend a person reasonably suspected of engaging in criminally injurious conduct.

Section 47. KRS 346.050 is amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, the following persons shall be eligible for awards pursuant to this chapter:

(a) A victim of criminally injurious conduct;

(b) A surviving spouse, parent or child of a victim of criminally injurious conduct who died as a direct result of such conduct;

(c) Any other person dependent for his principal support upon a victim of criminally injurious conduct who died as a direct result of such crime.

(2) A person who is criminally responsible for the crime upon which a claim is based or an accomplice of such person or a member of the family of such persons shall not be eligible to receive an award with respect to such claim, *except where the board determines, in a particular case, that the interest of justice so requires.*

(3) No compensation of any kind shall be awarded when injury occurred while the victim was confined in any state, county, urban county, or city jail, prison or other correctional facility, or any state institution maintained and operated by the department for human resources.

Section 48. KRS 346.060 is amended to read as follows:

(1) A claim may be filed by a person eligible to receive an award, as provided in KRS 346.050, or, if such person is a minor, by his parent or guardian.

(2) A claim must be filed by the claimant not later than one (1) year after the occurrence of the criminally injurious conduct upon which such claim is based, or not later than one (1) year after the death of the victim, *provided, however, that upon good cause shown, the board may extend the time for filing if, in a particular case, the interest of justice so requires.*

(3) Claims shall be filed in the office of the board in person or by mail. The board shall accept for filing all claims submitted by persons eligible under subsection (1) of this section and alleging the jurisdiction requirements set forth in this chapter and meeting the requirements as to form in the rules and regulations of the board.

(4) Upon filing of a claim pursuant to this chapter, the board shall promptly notify the commonwealth attorney or county attorney of the county wherein the crime is alleged to have occurred. If, within ten (10) days after such notification, such commonwealth attorney or county attorney advises the board that a criminal prosecution is pending upon the same alleged crime and requests that action by the board be deferred, the board shall defer all proceedings under this chapter until such time as such criminal prosecution has been concluded and shall so notify such commonwealth or county attorney and the claimant. When such criminal prosecution has been concluded such commonwealth or county attorney shall promptly so notify the board. Nothing in this section shall limit the authority of the board to grant emergency awards pursuant to KRS 346.120.

Section 49. KRS 346.130 is amended to read as follows:

(1) No award shall be made unless the board or board member, as the case may be, finds that:

(a) Criminally injurious conduct occurred;

(b) Such criminally injurious conduct resulted in personal physical *or psychological* injury to, or death of, the victim; and

(c) Police records show that such crime was promptly reported to the proper authorities; and in no case may an award be made where the police records show that such report was made more than forty-eight (48) hours after the occurrence of such crime unless the board for good cause shown, finds the delay to have been justified.

(2) The board upon finding that the claimant or victim has not fully cooperated with appropriate law enforcement agencies shall deny, reconsider, or reduce an award.

(3) [~~Any award made pursuant to this chapter shall exclude therefrom the initial one hundred dollars ($100) of losses incurred and shall be in an amount not exceeding out-of-pocket expenses, including indebtedness reasonably incurred for medical or other services necessary as a result of the injury upon which the claim is based, together with loss of earnings or support resulting from such injury. Provided, however, that any award made pursuant to this chapter to a victim sixty-five (65) years of age or older shall not exclude therefrom the initial one hundred dollars ($100) of losses incurred.~~

~~(4)~~] Any award made for loss of earnings or support shall, unless reduced pursuant to other provisions of this chapter be in an amount equal to the actual loss sustained; provided, however, that no such award shall exceed one hundred fifty dollars ($150) for each week of lost earnings or support. If there are two (2) or more persons entitled to an award as a result of the injury or death of a person which is the direct result of criminally injurious conduct the award shall be apportioned by the board among the claimants.

(4)[~~(5)~~] The board is authorized to set a reasonable limit for the payment of funeral and burial expenses which shall include funeral costs, a monument and grave plot. In no event shall an award for funeral expenses exceed twenty-five hundred dollars ($2,500).

(5)[~~(6)~~] Any award made under this chapter shall not exceed fifteen thousand dollars ($15,000).

Section 50. KRS 346.185 is amended to read as follows:

(1) There is established in the state treasury the "crime victims' compensation fund," hereinafter referred to as the "fund," to be administered by the crime victims' compensation board. In all cases in which defendants *plead or* are *found guilty of a crime as defined in KRS 500.080(2)* [~~given a sentence of imprisonment or are placed under the supervision of the state parole board or have been placed on probation or other form of conditional release, after an adjudication of guilty or after imposition of sentence, whether upon a plea of guilty or after trial~~], there shall be imposed as an additional cost the sum of ten dollars ($10.00) [~~for all offenses for which imprisonment may be imposed~~]. The clerk of the court shall collect the cost and forward it monthly to the state treasurer, to be deposited in the fund. Nothing herein shall be construed to limit the power of the court to order additional forms of restitution including public or charitable work or reparation to the victim, to the fund, or otherwise as authorized by law.

(2) The fund shall consist of moneys from the following: appropriations by the general assembly; the federal government; payments by the defendant pursuant to subsection (1) of this section and any other public or private source. Any unexpended balance remaining in the fund at the end of the biennium shall not lapse and be transferred to the general fund, but shall remain in the crime victims' compensation fund. Any funds not utilized by the board shall be used to provide assistance to programs for victims and the board shall allocate such funds to any agency providing services to victims. In the event there are insufficient funds in the fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no moneys in the fund, then no claim shall be paid until moneys have again accumulated. In addition to payment of claims, moneys in the fund shall be used to pay all the necessary and proper expenses of the crime victims' compensation board.

(3) When judgment is entered against a defendant as provided in this section and each sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Kentucky to such defendant an amount equal to the unpaid amount of the judgment. The amount shall be paid to the crime victims' compensation

fund and satisfaction of the judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for judgment.

Section 51. KRS 346.070, Limitation on awards, is repealed."

Floor Title Amendment to **SB 369**, by Representative Worthington:

Amend printed copy of **SB 369**, page 1, line "Title," to read as follows: "AN ACT relating to the management of low-level nuclear waste."

Floor Amendment No. 1 to **SB 369**, by Representative Worthington:

Amend printed copy of **SB 369**, by deleting everything after the enacting clause and inserting the following:

"SECTION 1. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

The general assembly finds that the Low-Level Radioactive Waste Policy Act passed by the United States Congress in 1980 placed the responsibility on each state to provide for the disposal of low-level radioactive waste generated within its borders. The general assembly further finds that the University of Kentucky and the University of Louisville should be commended for the actions they have taken to reduce the low-level radioactive waste they produce, from a high in 1980 of approximately 4321 cubic feet to a projected 280 cubic feet in 1984. The general assembly also finds that the University of Kentucky and the University of Louisville, generators in 1979 of approximately 97% of the low-level radioactive waste in Kentucky, will utilize short-term on-site storage, compaction, and incineration to reduce their waste streams by 90% and that the remaining Kentucky radiation licensees of low-level radioactive waste in Kentucky cannot economically employ compaction and incineration to reduce their waste. Lastly, the general assembly finds that Kentucky's total projected waste of 444 cubic feet (or 61 drums of 55 gallon capacity) for 1985 could be further reduced and the waste stream sources limited if Kentucky radiation licensees could consolidate their waste stream with that of the universities. Therefore it is the purpose of this Act to establish the policy of the Commonwealth to meet the congressional mandate in a manner which is both fiscally responsible and protects the health, safety and welfare of all Kentucky citizens.

SECTION 2. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

In order that Kentucky comply with the congressional mandate that Kentucky assume the responsibility to provide for the disposal of Kentucky generated low-level radioactive waste, the policy of Kentucky to manage and dispose of its low-level radioactive waste shall incorporate the following:

(a) The University of Kentucky and the University of Louisville are directed to accept up to 200 cubic feet per year of Kentucky generated low-level radioactive waste from Kentucky licensees of radioactive materials and the universities are authorized to issue regulations concerning how the waste will be packaged and when it will be accepted;

(b) An engineered storage/disposal structure shall be designed and built to provide safe storage of low-level radioactive waste for several decades but allowing for retrieval of the waste for final disposal;

(c) The university facilities and any engineered storage/disposal facility shall accept only low-level radioactive waste generated in Kentucky;

(d) That the Commonwealth continue to pursue a Maxey Flats nuclear waste disposal site decommissioning plan as specified in KRS 211.898;

(e) The Commonwealth continue to pursue an acceptable interstate compact which Kentucky may join without being considered for a waste disposal site until Maxey Flats is decommissioned and the possibility that Kentucky may contract as an individual state for disposal at an approved long term disposal site; and

(f) That the funds for building an engineered storage/disposal structure, estimated to cost $119,860, be taken from the appropriation available for Maxey Flats as long as the public health and safety at Maxey Flats is not jeopardized."

(1) Whenever an environmental emergency, as defined in KRS 224.877(1)(d), occurs, any costs incurred by state agencies, county and city governments, special districts, and urban-county governments shall be recoverable from any person liable therefore. Such liability shall be strict, joint and several. Costs shall include, but not be limited to, damages, operational expenses, overhead, and any other expense attributable to the emergency and all of which whether direct or indirect costs.

(2) The cabinet is authorized to seek collection of the costs. The cabinet shall act as the coordinating agency for all state agencies, county and city governments, special districts and urban-county governments, which have incurred costs from the environmental emergency. If funds appropriated to the School Foundation Program are insufficient to provide the amount of money required under KRS 157.390(6), allotments to local school districts shall be reduced in accordance with KRS 157.430.

The amount to be included for the 1984-85 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$17,590	$15,740	$13,890	$11,960	$11,030

Beginning with the school year 1985-86, the amount to be included in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following allotment schedule, for a term of 185 days, for each rank:

Rank Experience	I	II	III	IV	V
0-3 years	$18,530	$16,680	$14,830	$12,560	$11,580

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Revenue Cabinet. Said Cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1984-85 and 1985-86 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:025. Funding for these extended employment days shall not exceed $14,820,000 in fiscal year 1984-85 and $15,220,000 in fiscal year 1985-86.

The allotment of any school district classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

The allotments of basic classroom units for grades four (4) through twelve (12) shall be made on the basis of one for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

Exceptional Children	4,110	4,110

Provided, however, that if the budgeted units in any category of classroom units -- Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration -- prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1984-85 and fiscal year 1985-86 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted in school year 1984-85 shall be based on end of year prior year ADA. The number of units allotted in school year 1985-86 shall be based on end of year prior year ADA including the percent of kindergarten increase in ADA the first two months of the current year over the first two months of the previous school year.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions: (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1984-85 and in fiscal year 1985-86 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1984-85 and in fiscal year 1985-86 shall be deducted for each exceptional children unit allotted.

The Superintendent of Public Instruction shall enforce the limited class size of 25 in average daily attendance of grades kindergarten through three (3) on a district-wide basis for each local school district.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by 9.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1984-86 biennium shall be determined by multiplying the number of classroom units by: $4,410 in the 1984-85 school year and $4,410 in the 1985-86 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1984-85 school year and $1,800 in the 1985-86 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1984-85 and 1985-86 shall lapse to the General Fund except where provisions to the contrary are provided in this Act. No unexpended portions of the School Foundation Program fund shall be expended at any time for the purpose of KRS 156.610 through 156.650 except as identified in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, Section 8, of this Act, and the provisions of KRS 45.160.

Included in this appropriation is $76,166,500 in fiscal year 1984-85 and $76,166,500 in fiscal year 1985-86 for the costs of transporting pupils to and from school. Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS chapter 12, 42, 45, and 48.

In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the sub-heading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institution of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Notwithstanding the provisions of KRS 45.770, the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for projects which may be contemplated for future funding. Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, the provisions of KRS 45.750 through 45.990 notwithstanding, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, and Fire and Life Safety projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Subcommittee.

All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

PART VI
GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1984, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet in pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177 and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is supported by appropriate work papers and other records pertaining thereto.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal grants shall lapse to the General Fund to the extent such Federal Funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within forty-five days upon adjournment of the 1984 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1984 General Assembly as well as other acts which provide appropriations for the 1984-86 biennium and based upon supporting documentation and legislative records as considered by the 1984 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management and any supporting documents shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

9. Pursuant to KRS 143.090, it is the intent of the General Assembly that $46,911,700 in fiscal year 1984-85 and $46,906,900 in fiscal year 1985-86 in coal severance tax receipts shall be deposited in the Road Fund. The amount to be deposited represents anticipated lease rental payments each fiscal year, to be paid by the Transportation Cabinet to the Kentucky Turnpike Authority, on Resource Recovery Road projects. The Secretary of Finance is directed to take all necessary action to see that the intent of the General Assembly is carried out.

10. The General Assembly recognizes that during fiscal year 1982-83 and fiscal year 1983-84, the General Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made by Part I, Chapter 398, of the 1982 Acts of the General Assembly. The General Assembly acknowledges that as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1982 General Assembly the Secretary of Finance as directed by Paragraph 8, Part VI, Chapter 398, of the 1982 Acts of the General Assembly took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made by PART I, Chapter 398, of the 1982 Acts of the General Assembly, and by various other actions, all as set forth in and provided by Orders 83-325 and 84-160 of the Secretary of Finance and Administration, which Orders are permanent records of the Commonwealth, on file in the Governor's Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Orders 83-325 and 84-160 of the Secretary of the Finance and Administration as the General Fund appropriations for fiscal year 1982-83 and fiscal year 1983-84, respectively, for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund for fiscal year 1983-84, which sum shall be determined as provided by KRS 45.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapsing to the General Fund of all non-General Fund monies as identified in said Orders 83-325 and 84-160 of the Secretary of the Finance and Administration, and to that end, the General Assembly hereby expressly ratifies, adopts, and enacts the appropriation levels contained in said Orders 83-325 and 84-160, including those provided for the Foundation Program as set forth and contained in KRS Chapters 157 and 157A and in Chapter 398 of the 1982 Acts of the General Assembly, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1982-83 and fiscal year 1983-84, and to the extent in conflict therewith the appropriation levels set forth in Part I, Chapter 398 of the 1982 Acts of the General Assembly shall be read as conforming to the levels of appropriation hereby enacted.

11. A Surplus Reserve Trust Fund is hereby established. In the event General Fund tax receipts exceed the official estimates in fiscal year 1984-85 and/or in fiscal year 1985-86 by an amount not greater than two and one-half percent (2.5 percent) of the estimate, the Surplus Reserve Trust Fund shall be appropriated 97.0 percent of the General Fund excess amount in fiscal year 1984-85, and shall be appropriated 97.1 percent of the General Fund excess amount in fiscal year 1985-86.

The Surplus Reserve Trust Fund shall be used in the event actual General Fund receipts during the 1984-85 fiscal year or the 1985-86 fiscal year are not sufficient to meet the General Fund appropriation levels authorized in this Act.

12. Pursuant to KRS Chapter 48 there is hereby established a budget reduction plan for the branches of state government for fiscal year 1984-85 and fiscal year 1985-86. This plan shall be for reduction in the respective budget recommendations for the various branch agencies of state government when projected tax receipts accruing to the General Fund and/or the Road Fund are at least 2 1/2 percent but not more than 5 percent less than the revenue estimates for these funds as determined by the official revenue estimate of the Secretary of the Revenue Cabinet of January 19, 1984. The budget reduction plan as herein provided shall be enacted in the following order: (1) statutory revenue-sharing programs shall be adjusted to equal revised estimates of receipts; (2) monies in the General Fund Surplus Account shall be applied; (3) unbudgeted excess restricted agency funds shall be transferred; debt service monies for authorized but unissued bonds shall lapse to the appropriate surplus fund account before branch head shall authorize any budget unit reduction of appropriations enacted in Part I of this Act or other branch budget bill.

All appropriation units and areas of state government will be subject to the budget reduction plan. Monies in General Fund Surplus Account created by KRS 48.700 shall be applied toward revenue shortfall in the General Fund. Monies in the Road Fund Surplus Account created by KRS 48.710 shall be applied toward revenue shortfall in the Road Fund.

13. No annual salary increments for elected officials and non-elected personnel of the executive branch shall be provided or granted in fiscal year 1984-85. The annual salary increments in fiscal year 1985-86 shall not exceed the lesser sum of five percent (5%) or the increase in consumer price index as established by the U.S. Department of Commerce for the period between February 1, 1984, and February 1, 1985.

Saving as a result of this salary increment provision shall be transferred to the Budget Reserve Trust Fund as otherwise enacted by the 1984 General Assembly. Program services and benefits shall not be reduced by any officer or employe of the branch unless the reduction is in accordance with the budget reduction plan.

Said premium surcharge shall be collected by the insurer from its policyholders at the same time and in the same manner that its premium or other charge for the insurance coverage is collected. However, no insurer or its agent shall be entitled to any portion of any premium surcharge as a fee or commission for its collection. On or before the twentieth (20th) day of each month, each insurer shall report and remit to the department of revenue, on such forms as it may require, all premium surcharge monies collected by it during its preceding monthly accounting period less any such monies returned to policyholders as applicable to the unearned portion of the premium on policies terminated by either the insured or the insurer. The funds derived from such premium surcharge, except as provided in subsection (2) of this section, shall be deposited in the state treasury, and shall constitute a fund allocated for the uses and purposes of the professional fire fighters foundation program fund (KRS 95A.220) and the law enforcement foundation program fund (KRS 15.430).

(2) Insurance premium surcharge funds collected from the policyholders of any domestic mutual company, cooperative or assessment fire insurance company shall be deposited in the state treasury, and shall be paid monthly by the state treasurer into the volunteer fire department aid fund as provided in KRS 17.250.

(2) On or before the first day of each quarter, the department shall certify to the state treasurer a distribution schedule describing the proportionate share of total insurance premium surcharge proceeds accruing to each fund during such quarter, and the state treasurer shall pay into each fund's trust and agency account its proportionate share of all deposited tax monies as set forth and in the manner as prescribed in subsections (1) and (3) of KRS 136.392.

HB 860, AN ACT relating to motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 190.090 is amended to read as follows:

As used in KRS 190.090 to 190.140 unless the context or subject matter otherwise requires:

(1) "Person" means an individual, partnership, corporation, association, and any other group however organized.

(2) "Retail instalment sale" means any sale for other than business or commercial use evidenced by a retail instalment contract wherein retail buyer agrees to buy and retail seller agrees to sell a motor vehicle at a time sale price payable in two or more instalments. The cash sale price of the motor vehicle, the amount, if any, included for insurance and other benefits, official fees and the finance charge, shall together constitute the time sale price.

(3) "Retail instalment contract" means any agreement, entered into in this state, evidencing a retail instalment sale of a motor vehicle, other than for the purpose of resale, pursuant to which title to, or a lien upon the motor vehicle is retained by the retail seller as security for the retail buyer's obligation. This term includes a mortgage, conditional sale contract or any contract for the bailment or leasing of a motor vehicle by which the bailee or lessee contracts to pay as compensation for its use a sum substantially equivalent to the time sale price of the motor vehicle and by which it is agreed that the bailee or lessee is bound to become, or has the option of becoming, the owner of such motor vehicle.

(4) "Motor vehicle" means any device [~~with a cash sale price of five thousand dollars ($5,000) or less,~~] in, upon, or by which any person or property is, or may be transported or drawn upon a highway. The term does not include self-propelled wheelchairs and invalid tricycles, tractors, power shovels, road machinery, implements of husbandry and other agricultural machinery, or other machinery not designed primarily for highway transportation but which may incidentally transport persons or property on a highway, or devices which move upon or are guided by a track or travel through the air. A moped as defined in KRS 190.010 shall be subject to the same requirements as a motor vehicle under this section.

(5) "Retail seller" or "seller" means a person who sells or agrees to sell a motor vehicle under a retail instalment contract to a retail buyer.

(6) "Retail buyer" or "buyer" means a person who buys or agrees to buy a motor vehicle from a retail seller not for the purpose of resale and who executes a retail instalment contract in connection therewith.

(7) "Sales finance company" means a person engaged in the business of creating and holding or purchasing or acquiring retail instalment contracts from a retail seller. The term includes a bank, trust company, private banker, industrial bank, investment company or national bank, if so engaged.

(8) "Cash sale price" means the price at which the seller would in good faith sell to the buyer, and the buyer would in good faith buy from the seller, the motor vehicle which is the subject matter of the retail instalment contract, if such sale were a sale for cash, instead of a retail instalment sale. The cash sale price may include any taxes, registration fees, certificate of title fees, if any, license fees, charges for delivery, servicing, repairing, or improving the motor vehicle, including accessories and their installation.

(9) "Official fees" means the fees prescribed by law for filing, recording or otherwise perfecting and releasing or satisfying a retained title or a lien created by a retail instalment contract.

(10) "Finance charge" means that part of the time sale price by which it exceeds the aggregate of the cash sale price, the amount, if any, included for insurance and other benefits and official fees included in the retail instalment sale.

(11) Words in the singular include the plural and vice versa.

Section 2. KRS 190.100 is amended to read as follows:

(1) (a) Every retail instalment contract shall be in writing in at least eight (8) point type, shall contain all the agreements of the parties, shall be signed by the retail buyer, and a copy thereof shall be furnished to such retail buyer at the time of the execution of the contract.

(b) No provision of a retail instalment contract which purports to provide for the inclusion of title to or a lien upon any goods other than the motor vehicle, accessories and special or auxiliary equipment used in connection therewith which either are the subject of the retail instalment sale or are substitution in whole or in part therefor, as security for payment of such time sale price shall be valid or enforceable; but the other provisions of the retail instalment contract shall not be affected thereby.

(c) No provisions for confession of judgment, power of attorney therefor, or wage assignment contained in any retail instalment contract shall be valid or enforceable.

(d) *If the finance charge applicable to a retail installment contract has been determined by a pre-computed method,* the holder of a retail instalment contract may collect a delinquency and collection charge on each instalment in arrears for a period not less than ten (10) days in an amount not in excess of five percent (5%) of each instalment or five dollars ($5.00), whichever is the less. In addition to such delinquency and collection charge, the retail instalment contract may provide for the payment of attorneys' fees not exceeding fifteen percent (15%) of the amount due and payable under such contract where such contract is referred to an attorney not a salaried employe of the holder of the contract for collection, plus the court costs.

(e) Unless notice has been given to the retail buyer of actual or intended assignment of a retail instalment contract, payment thereunder or tender thereof made by the retail buyer to the last known holder of such contract shall be binding upon all subsequent holders or assignees.

(f) Upon written request from the retail buyer, the holder of the retail instalment contract shall give or forward to the retail buyer a written statement of the [~~dates and amounts of payments and the~~] total amount unpaid under such contract. A retail buyer shall be given a written receipt for any payment when made in cash.

(2) The retail instalment contract shall contain the following [~~items~~]:

(b) The amount of the retail buyer's down payment, whether made in money or goods, or partly in money or partly in goods;

2. Types of coverage and benefits;

(e) Official fees as defined in KRS 190.090;

(f) Principal balance, which is the sum of *paragraphs* [~~item~~] (c), [~~item~~] (d), and [~~item~~] (e) *of this subsection.*[~~;~~

~~(g) The amount of the finance charge;~~

~~(h) The time balance payable by the retail buyer to the retail seller, the number of instalment payments required and the amount of each instalment expressed in dollars or percentages, and date of each payment necessary finally to pay the time balance which is the sum of item (f) and item (g); Provided, however, That said items (a) to (h) inclusive need not be stated in the sequence or order set forth above and that additional items may be included which serve to explain the calculations involved in determining the stated time balance to be paid by the retail buyer.~~]

(3) The retail instalment contract shall contain a definite statement in twelve (12) point bold type or larger, that the insurance, if any included in the retail instalment sale provides or does not provide coverage for personal liability and property damage caused to others, as the case may be.

(4) The amount, if any, included for insurance, shall not exceed the premiums chargeable in accordance with applicable rate filings made with the commissioner of insurance. Every retail seller or sales finance company, if insurance on the motor vehicle is included in a retail instalment contract shall within thirty (30) days after execution of the retail instalment contract send or cause to be sent to the retail buyer a policy or policies or certificate of insurance, which insurance shall be written by a company authorized to do business in this state, clearly setting forth the amount of the premium, the kind or kinds of insurance and the scope of the coverage and all the terms, exceptions, limitations, restrictions and conditions of the contract or contracts of the insurance. The buyer of a motor vehicle under a retail instalment contract shall have the privilege of purchasing such insurance from an agent or broker of his own selection and of selecting an insurance company acceptable to the seller; Provided, however, That the inclusion of the insurance premium in the retail instalment contract when the buyer selects the agent, broker or company, shall be optional with the seller. If any such policy is canceled, the unearned insurance premium refund received by the holder of the contract shall be credited to the final maturing instalments of the retail instalment contract.

(5) Any sales finance company hereunder may purchase or acquire from any retail seller any retail instalment contract on such terms and conditions as may be agreed upon between them. No filing of the assignment, no notice to the retail buyer of the assignment, and no requirement that the retail seller shall be deprived of dominion over the payments thereunder or the goods covered thereby if repossessed by the retail seller shall be necessary to the validity of a written assignment of a retail instalment contract as against creditors, subsequent purchasers, pledgees, mortgagees and lien claimants of the retail seller.

(6) An acknowledgment in the body of the retail instalment contract by the retail buyer of the delivery of a copy thereof shall be conclusive proof of delivery in any action or proceeding by or against any assignee of a retail instalment contract.

(1) The finance charge in a retail instalment sale shall not exceed the following rates:

Class 1. Any new or used motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made -- eleven dollars ($11.00) per one hundred dollars ($100).

Class 2. Any new motor vehicle not in class 1 and any used motor vehicle designated by the manufacturer by a year model of one (1) or two (2) years prior to the year in which the sale is made -- thirteen dollars ($13.00) per one hundred dollars ($100).

Class 3. All other motor vehicles not in class 1 or 2 -- fifteen dollars ($15.00) per one hundred dollars ($100).

(2) Such finance charge shall be computed on the principal balance as determined under KRS 190.100 (2) on contracts payable in successive monthly payments substantially equal in amount extending for a period of one (1) year. On contracts providing for instalment payments extending for a period less than or greater than one (1) year, the finance charge shall be computed proportionately.

(3) When a retail instalment contract provides for unequal or irregular instalment payments, the finance charge shall be at the effective rate provided in subsection (1) *of this section* [~~hereof~~], having due regard for the schedule of payment.

(4) The finance charge allowed by this section may be pre-computed by using an add-on method. Alternatively, the seller may, at his option, compute the finance charge on a simple interest basis, at a fixed or variable rate, but in such case the amount of finance charge that the seller may collect shall not exceed the amount that could be collected if the finance charge were pre-computed.

Section 4. KRS 190.120 is amended to read as follows:

(1) If the finance charge applicable to the retail installment contract has been determined by a pre-computed method, the retail buyer may pay in full at any time before the stated maturity date and upon such prepayment in full the retail buyer shall receive a refund of a portion of the finance charge computed in accordance with the Rule of 78's. An acquisition cost of twenty-five dollars ($25) shall be deducted from the finance charge before computation of the refund. Where the refund is less than one dollar ($1.00) no refund need be made and acceleration of the balance by the seller, caused by the default of the buyer or otherwise, shall not affect the date of computation. Any balance remaining unpaid as of the stated maturity date shall then be subject to accumulation of additional finance charge at the rate specified in the contract.

(2) If the finance charge applicable to the retail installment contract has or will be determined by a simple interest method, the retail buyer may pay in full at any time before the stated maturity date without penalty, except that the holder may collect and receive a minimum finance charge of twenty-five dollars ($25) in any event [~~Notwithstanding the provisions of any retail instalment contract to the contrary, any retail buyer may pay in full at any time before maturity the debt of any retail instalment contract and in so paying such debt shall receive a refund credit thereon for such anticipation of payments. The amount of such refund shall represent at least as great a proportion of the finance charge after first deducting from such finance charge an acquisition cost of twenty-five dollars ($25.00), as the sum of the periodic time balances after the month in which payment is made, bears to the sum of all the periodic time balances under the schedule of payments in the original contract. Where the amount of the credit for anticipation of payment is less than one dollar ($1.00), no refund need be made~~].

Section 5. KRS 190.130 is amended to read as follows:

The holder of a retail instalment contract may, upon agreement with the retail buyer, extend the scheduled due date, defer the scheduled payment of all or part of any instalment payment or payments, or renew the balance of such contract. In any such case the holder may restate the amount of the instalments and the time schedule therefor, and collect as a refinance charge for such extension, deferment or renewal, a flat service fee not to exceed five dollars ($5.00) and *an* [~~a total~~] additional *finance charge computed at the same rate and by the same method as originally set out in the retail installment contract* [~~charge not exceeding an amount equal to one per cent (1%) per month simple interest on the respective descending balances~~] computed from the date of such extension, deferment or renewal.

Section 6. KRS 134.810 is amended to read as follows:

(1) All state, county, school and special taxing district ad valorem taxes shall be due and payable on or before the last day of the month in which registration is required by law for all motor vehicles renewed [~~or transferred~~].

(2) All state, county, school and special taxing district ad valorem taxes due on motor vehicles shall become delinquent following the end of the month in which registration is required by law.

(3) Any taxes which are paid within thirty (30) days of becoming delinquent shall be subject to a penalty of three percent (3%) on the taxes due. Any taxes which are not paid within thirty (30) days of becoming delinquent shall be subject to a penalty of ten percent (10%) on the taxes due. In addition, interest at an annual rate of fifteen percent (15%) shall accrue on said taxes and penalty from the date of delinquency; *provided, however, that no penalty or interest shall accrue on a motor vehicle under dealer assignment pursuant to KRS 186A.220.* The county clerk *may* [~~shall~~] file a lien on any motor vehicle for which taxes have become delinquent on behalf of the state, county, school, and special taxing districts and record such lien on the face of the certificate of title and registration, and also record the lien in the manner in which lis pendens are recorded.

(4) When a motor vehicle has been transferred before registration renewal or before taxes due have been paid, the purchaser shall become liable for the taxes on said motor vehicle.

(5) In the event that an owner obtains a certificate of registration for a motor vehicle valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration, all state, county, school, and special tax district ad valorem tax liabilities arising from the

assessment date following initial registration are due and payable on or before the last day of the first birth month following said assessment date or date of transfer, whichever is earlier. Any taxes due under the provisions of this subsection and not paid as set forth above shall be considered delinquent and subject to the same interest and penalties found in subsection (3) of this section.

Section 7. KRS 186.021 is amended to read as follows:

(1) No county clerk shall issue a registration for renewal [~~or transfer~~] for any motor vehicle on which state, county, school, or special taxing district ad valorem taxes are due and have not been paid.

(2) No county clerk shall issue a registration renewal for any motor vehicle which is not insured in compliance with KRS 304.39-080. Each applicant for registration renewal shall present proof of compliance to the county clerk in a manner prescribed in regulations issued by the department of insurance.

Section 8. The provisions of Sections 6 and 7 of this Act shall become effective January 1, 1985.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 134.810 is amended to read as follows:

The county clerk *may* [~~shall~~] file a lien on any motor vehicle for which taxes have become delinquent on behalf of the state, county, school, and special taxing districts and record such lien on the face of the certificate of title and registration, and also record the lien in the manner in which lis pendens are recorded.

(4) When a motor vehicle has been transferred before registration renewal or before taxes due have been paid, the purchaser shall become liable for the taxes on said motor vehicle.

(5) In the event that an owner obtains a certificate of registration for a motor vehicle valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration, all state, county, school, and special tax district ad valorem tax liabilities arising from the assessment date following initial registration are due and payable on or before the last day of the first birth month following said assessment date or date of transfer, whichever is earlier. Any taxes due under the provisions of this subsection and not paid as set forth above shall be considered delinquent and subject to the same interest and penalties found in subsection (3) of this section.

Section 2. KRS 138.460 is amended to read as follows:

(1) On and after July 1, 1972 a tax levied upon its retail price at the rate of five percent shall be paid on the use in this state of every motor vehicle, except those exempted by KRS 138.470, at the time and in the manner provided in this section. In the case of trucks of gross weight in excess of ten thousand pounds (10,000 lbs.) the tax shall be levied upon ninety percent of the retail price of the vehicle.

(2) The tax shall be collected by the county clerk or other officer with whom the vehicle is required to be registered:

(4) No county clerk or other officer shall register or issue any license tags to the owner of any motor

[~~No credit shall be given under this subsection for taxes paid in another state if that state does not grant similar credit for substantially identical taxes paid in this state.~~]

(7) Notwithstanding the provisions of KRS 138.450(4), in no case shall the tax be less than five dollars ($5.00) upon first registration of or any transfer of ownership of a motor vehicle in this state, except where such vehicle is exempt from tax under KRS 138.470.

(8) Where a [~~new~~] motor vehicle is sold [~~by a dealer~~] in this state and the [~~original~~] purchaser returns the vehicle for any reason to the *seller* [~~same dealer~~] within sixty (60) days for a [~~new~~] vehicle replacement or a refund of the purchase price, the purchaser shall be entitled to a refund of the amount of usage tax received by the department of revenue as a result of the registration of the returned vehicle. The registration of the returned vehicle shall be cancelled. *If the returned vehicle was either a new vehicle or a used vehicle not previously registered in Kentucky, such* [~~and the~~] vehicle shall be considered to have not been previously registered in Kentucky when resold by the *seller* [~~dealer~~]. *Where a motor vehicle is sold by a dealer in this state the sixty (60) days shall be extended to include the time the purchaser and dealer are involved in formal arbitration or litigation. The sixty (60) days and any extensions thereof shall conclude upon certification by the motor vehicle dealer that the vehicle has been returned and the reason therefor.*

HR 159, A RESOLUTION supporting the concept of the "Panetta" bill sponsored by United States Senator Robert Dole and United States Congressman Leon E. Panetta that more federal farm surplus should be given to those needing it.

WHEREAS, the United States Conference of Mayors and the General Accounting Office have declared that hunger has become "the most prevalent and the most insidious" problem facing the nation's cities and that there is no one who can estimate how many Americans are going hungry; and

WHEREAS, the National Association of Counties has requested federal help in dealing with an expanding human services caseload by seeking extended federal food distribution programs; and

WHEREAS, the federal government's dairy program has led to the government holding in storage approximately 473 million pounds of butter, 1.3 billion pounds of non-fat dry milk and 876 million pounds of cheese which costs taxpayers an estimated one million dollars a day; and

WHEREAS, since 1981, the government has given away about 400 million pounds of cheese and 100 million pounds of butter and powdered milk but, during the same time period, the federal stockpiles of dairy products have increased more than fifty percent;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the concept of the federal "Panetta" bill, which is a bipartisan bill to increase the distribution of surplus government food supplies, is supported by the House of Representatives of the General Assembly of the Commonwealth of Kentucky.

Section 2. That the consensus of the House of Representatives is that surplus dairy products should be distributed as a dietary supplement to those most needy and that the distribution should be carried out through a program similar to the federal food stamp program, wherein qualified recipients shall receive dairy stamps redeemable at a local distribution center.

Section 3. That the federal government also should consider an approach to distributing surplus dairy products in connection with the food stamp program by designating a percentage of the total of the food stamps given to a recipient as dairy stamps which must be used for dairy products.

Section 4. That the Clerk of the House of Representatives of the Commonwealth of Kentucky send a copy of this resolution to members of the Kentucky Congressional delegation, Secretary of the federal Department of Agriculture, Senator Robert Dole and Congressman Leon E. Panetta.

WHEREAS, citizens of Jefferson County are required to pay for both inspections and modifications on their cars, often at considerable cost, to comply with standards imposed by the federal government; and

WHEREAS, a metropolitan area in at least one other state has instituted similar programs and, after a trial period, abandoned such program; and

WHEREAS, there is at present no arrangement for independent monitoring or evaluation of the program to determine its efficiency, effectiveness, or cost to the taxpayer; and

WHEREAS, continuation of the program should be contingent on its ability to reduce pollution in a cost effective way;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Legislative Research Commission through the Interim Joint Committee on Agriculture and Natural Resources commence a study, independent of the Jefferson County Air Pollution Control Board, to determine the effectiveness of the program in reducing pollution and that the Legislative Research Commission make an analysis of the cost to the citizens and the effect of the modifications on cars over specific time periods.

Section 2. Staff services to be utilized in completing this study are estimated to cost $25,000. These staff services shall be provided from the regular Commission budget and are subject to the limitation and other research responsibilities of the Commission.

The House of Representatives of the Commonwealth of Kentucky hereby recognizes with profound appreciation the laudable contributions to Vocational Education of Mr. James D. Patton of Northern, Kentucky, who passed away on June 17, 1977, after many years of providing tireless dedication and leadership in the furtherance and betterment of Vocational Education, both at Regional and Statewide levels. Not only were his efforts confined to Vocational Education, but he was a leader in the development of post-secondary education in Northern Kentucky and these efforts helped to establish an initial and ongoing effort between Vocational and Higher Education. While serving as Regional Director, he was instrumental in identifying the need for additional Vocational facilities and then working continually until these facilities were obtained. In addition, Mr. Patton instilled a sense of purpose and pride in the personnel who were, and are, associated with Vocational Education in the Northern Kentucky Region. During his seven year tenure as Regional Director of Vocational Education for the Northern Vocational Region, he instituted the fundamental concept of Competency Based Vocational Education in the Region to better meet the actual needs of students.

Mr. Pattons's contribution to Vocational Educational will serve as a lasting tribute to his memory as the James D. Patton Vocational School in Kenton County, Kentucky, will be named in his honor on April 1, 1984. This prestigious body hereby concurs in and salutes this tribute. (Sponsored by Representative Mann)

Your leadership guided the City Administration through difficult times and helped engineer the Commercial development of the riverfront. You have shared generously of your knowledge, time, resources and experiences for which we are sincerely grateful.

The House of Representatives of the Commonwealth of Kentucky hereby commends you, Lila Dicken, for your excellent contribution of notable years of service as a teacher in the Campbell County School System. When claiming the right to the reduced fee, the applicant's signature on the certificate of registration and ownership shall constitute a certification or affidavit stating that the motor vehicle when used within this state is used only for the transportation of property within the city to be named in the affidavit and the area above set out and that the vehicle will not be used outside of a city and the area above set out during the current registration period.

(9) Motor vehicles having a declared gross weight in excess of eighteen thousand (18,000) pounds, [~~which are used exclusively for the transportation of coal from the point at which such coal is mined to a railhead or tipple, where such railhead or tipple is located at a point not more than fifty (50) air miles from the point at which such coal is mined, or~~] which are used exclusively for the transportation of primary forest products from the harvest area to a mill or other processing facility, where such mill or processing facility is located at a point not more than fifty (50) air miles from the harvest area or which are used exclusively for the transportation of concrete blocks or ready mixed concrete from the point at which such concrete blocks or ready mixed concrete is produced to a construction site where such concrete blocks or ready mixed concrete is to be used, where such construction site is located at a point not more than thirty (30) air miles from the point at which such concrete blocks or ready mixed concrete is produced shall not be required to pay the fee as set out in subsection (3) of this section, and in lieu thereof shall pay forty percent (40%) of the fee set out in subsection (3) hereof and shall be exempt from any fee charged under the provisions of KRS 281.752. The applicant's signature upon the certificate of registration and ownership shall constitute a certification that the motor vehicle will not be used during the current registration period in any manner other than that for which the reduced fee is provided in this section.

(10) Motor vehicles used exclusively for the transportation and delivery of motor vehicles, not including trailers and semitrailers, by means of the full amount or truckaway methods on trailers or semitrailers, shall pay an amount equal to three-fourths (3/4) of the fee set out in subsection (3) hereof. Any

Title to a vehicle so registered may be transferred, but such registration shall not authorize the operation or use of the vehicle on any public highway. No refund may be made under the provisions of KRS 186.056(2) until such time as the title to such vehicle has been transferred to the purchaser thereof. Provided, however, that nothing herein shall be so construed as to prevent the seller of a commercial vehicle from transferring the registration of such vehicle to any purchaser thereof.

(12) The annual registration fee for self-propelled vehicles containing sleeping or eating facilities shall be twenty dollars ($20.00) and the tag issued shall be designated "Housecar." Provided, however, that the foregoing shall not include any motor vehicle primarily designed for commercial or farm use having temporarily attached thereto any such sleeping or eating facilities, or any commercial vehicle having sleeping facilities.

(13) The registration fee on any vehicle registered under this section shall be increased fifty percent (50%) when such vehicle is not equipped wholly with pneumatic tires.

(14) (a) The department of vehicle regulation is authorized to negotiate and execute an agreement or agreements with other jurisdictions for the purpose of developing and instituting proportional registration of motor vehicles engaged in interstate commerce, or in a combination of interstate and intrastate commerce, and operating into, through or within the Commonwealth of Kentucky. The agreement or agreements may be made on a basis commensurate with, and determined by, the miles traveled on, and use made of, the highways of this Commonwealth as compared with the miles traveled on and use made of highways of other states, or upon any other equitable basis of proportional registration. Notwithstanding the provisions of KRS 186.020, the cabinet shall promulgate regulations concerning the registration of motor vehicles under any agreement or agreements made under this section and shall provide for direct issuance by it of evidence of payment of any registration fee required under such agreement or agreements. Any proportional registration fee required to be collected under any proportional registration agreement or agreements shall be in accordance with the taxes established in this section.

(b) Any owner of a commercial vehicle who is required to title his motor vehicle under this section shall first title such vehicle with the county clerk pursuant to KRS 186.020 for a state fee of one dollar ($1.00). Title to such vehicle may be transferred, however title, without proper registration, shall not authorize the operation or use of the vehicle on any public highway. Any commercial vehicle properly titled in Kentucky may also be registered in Kentucky, and, upon payment of the required fees, the department may issue an apportioned registration plate to such commercial vehicle.

(c) Any commercial vehicle that is properly titled in a foreign jurisdiction, which vehicle is subject to apportioned registration as provided in (a) of this subsection may be registered in Kentucky, and, upon proof of proper title, and payment of the required fees, the department may issue an apportioned registration plate to such commercial vehicle. The department shall promulgate regulations in accordance with this section.

(1) Any reference in KRS 6.011 and 6.031 to a census unit, city, county, road, highway or stream means that census unit, city, county, road, highway or stream as its boundaries or location existed on January 1, 1980.

(2) Any reference to a ward, commissioner's district or precinct means that ward, commissioner's district or precinct as its boundaries existed on July 15, 1980, *and except that for purposes of KRS 6.031:*

(a) Any reference to the Madison County election precincts of Middletown and Menales Todd shall mean those precincts as their boundaries existed on January 1, 1984; and

(b) Any references to Fayette County election precincts shall mean those precincts as their boundaries existed on January 1, 1984.

Section 33. KRS 83A.170 is amended to read as follows:

(1) In any city which has under the provisions of KRS 83A.050 required nonpartisan city elections, or in any city of the second class operating under the city manager form of government pursuant to KRS 83A.150, no person shall be elected to city office except as provided in this section.

(2) No person shall be elected to city office without being nominated in the manner provided in this section at a nonpartisan primary election to be held at the time prescribed by law for primary elections generally. Nonpartisan primary elections shall be conducted by the same officers, chosen and acting in the same manner, with the same rights and duties as in regular elections.

(3) Each applicant for nomination *in a city of the first, second and third class* shall, *by* at least *the last date prescribed by the election law generally for filing notification and declaration forms with the county clerk, or in a city of the fifth and sixth class, shall by at least* fifty-five (55) days before the primary election, file with the county clerk a petition signed by at least one percent (1%) of the registered voters in the city or twenty (20) voters, whichever is less. Each voter may sign a slated petition up to the number of offices to be filled for a particular position or may sign individual petitions equal to the number of offices to be filled. [~~,~~] If a voter signs petitions for more candidates than he is authorized then he shall be counted as a petitioner for the candidate whose petition is filed first. The petition shall be in the following form:

"We the undersigned, qualified voters of the City of ________________ request that the name of ________________ be placed before the voters of the city as that of an applicant for nomination for the office of ________________ at the primary election to be held in our city on the *date prescribed by law for primary elections generally* [~~fourth Tuesday in August ,~~ ________]. We know the applicant to be a qualified voter of the city and a person of good character, and he is, in our judgment, qualified for the duties of the office.

Name N	Number	Street
________________	________________	________________
________________	________________	________________
________________	________________	________________"

The petition shall be verified by the affidavit of some person as to the genuineness of signatures and addresses of the signers. No voter shall sign more than one (1) petition with reference to each applicant. If any voter signs more than one (1) petition of an applicant, the name of that voter shall not be counted as valid on any petition.

(4) The county clerk shall examine the petition of each candidate to determine whether it is regular on its face. If there is an error, the county clerk shall notify the candidate by certified mail within twenty-four (24) hours of filing.

(5) Immediately upon expiration of the time for filing petitions, the county clerk shall have published in accordance with KRS Chapter 424 the names of the applicants as they will appear before the voters at the primary.

(6)[~~(5)~~] Subsection *(5)*[~~(4)~~] of this section shall not apply if it appears, immediately upon expiration of the time for filing petitions, that there are not more than two (2) applicants for nomination for each city office to be filled, or, when the nominations are for city legislative body members in cities electing legislative body members at large, and there are no more than twice the number of applicants for nomination for the number of offices to be filled. In that case, the applicants for nomination shall thereby be nominated and no primary election shall be held for that office.

(7) The ballot position of a candidate shall not be changed after the ballot position has been designated by the county clerk.

(8) If before the time of certification provided in the election law generally, any candidate whose petition has been filed in the office of the county clerk, dies or notifies the county clerk in writing, signed and properly notarized, that he will not accept the nomination, the county clerk shall not certify his name.

(9) If before the ballots are printed, any candidate whose petition has been filed in the office of the county clerk dies or notifies the clerk in writing, signed and properly notarized, that he will not accept the nomination, the clerk shall not cause his name to be printed on the ballot.

(10) If after the ballots are printed, any candidate whose name appears thereon shall die, the county clerk shall cause his name to be blocked out or obliterated from the ballot. The clerk shall not knowingly allow the name of a deceased person to appear on the ballot.

(11)[~~(6)~~] Names of applicants for each nomination shall be placed before the voters of the city. The voters shall be instructed to vote for one candidate, except that they shall be instructed to vote for the number of legislative body members to be elected in cities nominating legislative body members at-large. No party designation or emblem of any kind, nor any sign indicating any applicant's political belief or party affiliation shall be used.

(12)[~~(7)~~] Persons qualified to vote at a regular election are qualified to vote at a nonpartisan primary election and the law applicable to challenges made at a regular election is applicable to challenges made at a nonpartisan primary election.

(13)[~~(8)~~] Votes shall be counted as provided in general election laws and the result shall be published as provided in KRS Chapter 424.

(14)[~~(9)~~] The two (2) applicants receiving the highest number of votes for nomination for each city office shall be nominated, or where the nominations are for city legislative body members in cities electing legislative body members at large, there shall be nominated the number of applicants receiving the highest number of votes equal to twice the number of offices to be filled.

(15) The ballot position of a candidate shall not be changed after the ballot position has been designated by the county clerk.

(16)[~~(10)~~] At the regular election following a nonpartisan primary election, the names of the successful nominees shall be placed before the voters.

(17)[~~(11)~~] The nominee receiving the greater number of votes cast for each city office shall be elected.

(18)[~~(12)~~] General election law prescribing duties of county clerks and other public officers in the conduct of elections shall be applicable in all respects to nonpartisan city elections, except no election officer or other person within a polling place shall tell or indicate to a voter, by word of mouth or otherwise, the political affiliation of any candidate for city office.

line 22, by deleting the sentence, beginning with the word "Also" and concluding on line 23 with the word "staff";

line 22, after the word "Act" by inserting the following:

"The General Assembly intends that the Corrections Cabinet study and submit to the Interim Appropriations and Revenue Committee, prior to contractural arrangements, a feasibility study of the immediate and long-term benefits of dorm renovation vs. construction for the two dorm projects authorized at the Kentucky State Reformatory. The General Assembly instructs that within the feasibility analysis the Cabinet analyze the ability to rebuild cellhouse facilities of approximately 160 beds. The analysis shall include, in addition to other relevant data, cost advantages of building-life, energy efficiency, operational efficiency, and staffing efficiency. The analysis shall also include the approximate cost and comparison to building a 150-bed medium security unit at a new site.

Should new construction be proved more feasible than renovation, the General Assembly intends that the Corrections Cabinet request that the Court and the plaintiffs in the Kendrick vs. Bland and Thompson litigation approve said construction plan in recognition of both fiscal responsibility and improved living environments.

Should the Court so approve, it is the intention of the General Assembly, that the building construction be bid jointly or with the understanding that facility plans become the property of the Commonwealth so that said plans may be used for the building of subsequent cellhouse or cellhouses at the Kentucky State Reformatory or within the Correctional Systems without further design expense.

The General Assembly further intends, by not recommending the construction of the new 500-bed medium security institution, that the Corrections Cabinet continue to implement its objective classification system and to place persons accordingly. Nothing in this recommendation may be construed to justify a change in that system. It is the intention of the General Assembly to develop alternative placements for persons classified as minimum or community custody. In order to accommodate the projected inmate population, by classification status, for fiscal year 1987, the General Assembly further instructs that the Cabinet investigate community and private corporational availability of correctional services and to submit quarterly a report to the Interim Appropriations and Revenue Committee which designates placement by classification and that such report include a description of correctional alternatives considered during that quarter.

The General Assembly deletes the correctional industry and educational building renovation and new construction at Northpoint. It is the committee's intention that existing buildings be renovated for educational purposes. In fiscal year 1985, $500,000 in bonds is authorized for this purpose.

The General Assembly also deletes the Segregation Unit request for Northpoint and supports continued careful screening of inmates sent to Northpoint to minimize the probability of incidences of acting out and supports continued transfer back to LaGrange of those who do act out or who request protective custody.

Further, no funds for new construction projects are provided at Kentucky Correctional Institute for Women as the matter is being litigated before the Federal Court and the Security level of housing required is a point of debate. It is the Legislature's intention, as reflected in the Capital Construction Budget, to authorize bonds for facilities construction or renovation as required by the Court in settlement of said litigation with the intention that resulting debt service and any operational expenses be allotted from the General Fund Surplus Account (KRS 48.700)."

after line 23, by adding the following:

"Also included is $89,000 each year to fund additional research and evaluation staff.

It is the intention of the 1984 General Assembly that the $89,000 provided each year be used to supplement both state and jail data development, collection and analysis including but not limited to:

(a) The placement of prisoners within the Commonwealth's correctional system by institution, whether imprisoned in a state prison or other institution, including county jails, on probation, parole, housed in halfway houses, sentenced to community service or otherwise;

(b) Numbers of prisoners by type of offense;

(c) Numbers of prisoners by number and type of prior convictions;

(d) Numbers of prisoners paroled by type of offense and by length of time served;

(e) Numbers of prisoners released through shock probation by type of offense and by length of time served; and

(f) Numbers of prisoners serving their full sentence by type of offense.

The cabinet shall annually report to the Governor and the Legislative Research Commission on:

(a) Numbers and types of prison beds necessary to meet current population needs and five (5) year projections of such needs;

(b) Current personnel needs of the Cabinet and five (5) year projections of such needs; and

(c) A five (5) year projection of needed capital construction, program development and anticipated requests for appropriations.

Also included in the above appropriation is $422,500 in fiscal year 1984-85 and $443,600 in fiscal year 1985-86 for the operation of the Parole Board."

In order to obtain certification, a county must submit a notorized statement to the Cabinet which states that it has, to the best of its ability, investigated and obtained the most feasible medical contract or contracts possible. A copy of the contract shall be appended to the letter requesting certification. Upon receipt of the letter requesting certification, the Corrections Cabinet shall review and if approvable, distribute the funds as appropriate. If the contract is not approvable, the Cabinet must respond in writing to the county of its decision and basis for objection. In no event shall the Cabinet release funds without giving proper certification. In no event shall monies be expended for medical services or supplies that are not provided through an approved contract.

It is the intention of the General Assembly that $100,000 be maintained in a separate account for catastrophic medical expenses. It is the intention of the General Assembly that any medical claim which exceeds $2,500 may be reimbursed for that amount in excess of $2,500. In no event shall this apply to expenses of an elective, as opposed to emergency, basis and expenses shall be paid according to the Kentucky Medical Assistance Schedule.

In the event that **SB 361** should fail to be enacted, these monies shall lapse to the General Fund and no monies shall be appropriated for medical expenses.";

HR 167, A RESOLUTION directing a study to develop policies with respect to treatment of waste coal resources in the reclamation of abandoned mine land.

WHEREAS, it is the policy of the Commonwealth to encourage the utilization of its coal resources in an environmentally acceptable manner; and

WHEREAS, there are billions of tons of coal wastes already mined and stored in ponds, piles, fills and impoundments that at present constitute a waste of natural resources and environmental and safety hazards; and

WHEREAS, there are now disincentives to private-sector recovery of waste coal and reclamation of associated materials as a result of environmental concerns and the risk of governmental penalties associated with coal mining; and

WHEREAS, there is, on balance, a greater environmental loss in having coal waste materials remain in a continuously hazardous relatively permanent state than would be incurred with the risk of environmental harm as a result of a temporary recovery process; and

WHEREAS, other states, notably the Commonwealth of Pennsylvania, are currently seeking ways to encourage waste coal recovery in a manner that would benefit the environment and the economy of the Appalachian Region;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That it is the sense of this body that mining permit and bond requirements presently discourage recovery and re-processing coal waste materials and that changes in those requirements would encourage such activities.

Section 2. That the Interim Joint Committee on Agriculture and Natural Resources of the Legislative Research Commission is directed to gather information and exchange information with officials of the federal government and other states to develop policy initiatives toward achieving a reduction in coal waste and environmental pollution by the formulation and recommendation of policies and requirements that will aid in conversion of these wastes and hazards into useful products and provide better prospects for a healthy environment.

Section 3. Staff services to be utilized in completing this study are estimated to be $15,000. These services shall be provided from the regular commission budget and are subject to the limitations and other research responsibilities of the commission.

Message from the Governor

Announcing veto of **HJR 58**, April 6, 1984; **HB 777**, April 7, 1984; **HB 682**, **HB 736**, April 9, 1984; **HB 334**, **HB 474**, April 11, 1984.

The Veto Message on **HJR 58** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HJR 58.** While I sympathize with the guidelines expressed in this resolution, it would direct the Cabinet for Human Resources to allocate winter energy assistance funds in a manner contradicatory to the Federal law which totally funds the program. 42 U.S.C. 8624 (b) (5) requires that "the *highest level of assistance* will be furnished to those households which have the lowest incomes and the highest energy costs in relation to income, taking into account family size". This resolution directs that the highest benefit levels be given to households whose costs for food, shelter, clothing, energy and medical care exceed income. The Cabinet would, therefore, be put into the position of violating either Federal law or state law if this resolution were passed.

Signed by: Martha Lane Collins, Governor, April 6, 1984.

The Veto Message on **HB 777** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky, I hereby veto **HB 777. HB 777** will remove from regulation by the Public Service Commission cellular radio-telephone services.

Most authorities acknowledge that cellular radio (what is now known as mobile telephone service) is the telephone of the future. It has the potential to replace our present hard-wire system telephone service. Thus, it is important that the Public Service Commission be in a position of monitoring this development to protect the public interest.

While the Federal Communications Commission is issuing licenses for these services (only two in each major metropolitan area), the FCC does not intend to regulate the development of the service. In all of its orders, the FCC has indicated that state commissions must also be involved in the regulation of this new technology. Without regulation by the Public Service Commission, there will be no real competition. House Bill 777 will lead to the monopolization of cellular marketing throughout Kentucky. Ultimately, this will mean higher prices and poorer service for consumers.

Signed by: Martha Layne Collins, Governor, April 7, 1984.

The Veto Message on **HB 682** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky I hereby veto **HB 682.** A House Floor Amendment to this bill would effectively preclude contracts from having a shorter period within which one must bring an action to recover on the contract than the general 15 year period referred to in KRS 413.090. The Kentucky courts have upheld the right for parties to contract for a shorter period within which an action must be brought than the period referred to in the above statute. The court's rationale was that there was a sound public policy in permitting parties to do so and that Kentucky had no statute prohibiting such contracts.

If this law were to go into effect, there would be created a 15 year period within which actions could be brought on various insurance contracts. This would necessitate larger reserves being required of insurance companies, with the obvious result that premiums would need to be increased to cover these reserves.

Futhermore there is a specific statute, KRS 304.14-370, which permits foreign insurance companies to limit actions against them to one year. The disparity that would result between these companies and our domestic companies would place the domestic companies at a competitive disadvantage with out-of-state companies.

Signed by: Martha Layne Collins, Governor, April 9, 1984.

The Veto Message on **HB 736** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky I hereby veto **HB 736.** This bill would require that the criminal records of anyone who had been convicted of a single non-violent Class D felony prior to attaining the age of 25 be purged and that such conviction not be used for any purpose except as required by the Constitution. Although there are legitimate reasons for permitting such offenders to, in effect, begin anew their lives, there is an overriding public need in some situations to have the record of these offenders available. For example, in doing background checks on potential adoptive parents it is imperative that the Cabinet for Human Resources have available to it any evidence that would show an incident of child abuse or deviant sexual behavior by a prospective adoptive parent. The same policy is involved in screening applicants for positions of employment where minor children will be under their care.

It is also necessary, in screening applicants for various law enforcement positions, to have available the entire criminal history record of such applicants.

Signed by: Martha Layne Collins, Governor, April 9, 1984.

The Veto Message on **HB 334** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky I hereby veto **HB 334.** This bill, among other things, would require that all fees not specifically established by statute and not specifically exempted under Section 10 of the bill be promulgated by administrative regulation. In that the universities are administrative bodies under the definitions contained in KRS Chapter 13, the University of Kentucky would be required to establish by administrative regulation the multitude of fees charged at the Chandler Hospital. The University estimates there are over 10,000 separate fees currently in effect at the hospital.

These fees are constantly being changed. Setting hospital fees by administrative regulation would not permit expedient, timely management of hospital operations because the establishment of such fees is related to factors external to the University and the University hospital.

In addition, the auxiliary enterprise of all of the universities would be subject to the unduly burdensome requirements of promulgating administrative regulations. Revenue producing activities which support the daily activities of a university could not comply with the regulation procedures and time-frames mandated by **HB 334,** and, at the same time, meet the operational requirements of the institution. Examples of impacted operations at the University are domitories, bookstores, auxiliary out-patient diagnostic and treatment clinics and laboratory fees. These auxiliary enterprises, at the University of Kentucky alone, have approximately 100,000 different fees that would need to be promulgated by regulation depending upon how broadly one interprets the word "fees". It is apparently intended to be interpreted broadly in that Legislature specifically excluded groceries from the provisions of the Act.

The Senate had attempted to resolve this problem by limiting those fees which must be promulgated by regulation to "license and application" fees. However this restriction was deleted in free conference.

The Free Conference Committee also added the following language: "Any grant of authority for an administrative body to promulgate rules or standards is repealed unless authorized by this Act." In no place in the Act are the state procurement agencies authorized to establish standards and specifications for the various products for which the agencies solicit bids. It would therefore appear that the existing authority for these agencies to establish such standards and specifications has been repealed.

It would also appear that the various governing boards of universities would have to establish by regulation the standards and procedures utilized to grade students, the graduation requirements for students and the promotion and tenure system for faculty members.

Furthermore the Act greatly expands the types of documents which must be promulgated as administrative regulations. I am firmly committed to reducing the number of regulations so as to not unduly burden our citizenry with unneeded governmental interference with their activities.

Signed by: Martha Layne Collins, Governor, April 11, 1984.

The Veto Message on **HB 474** is as follows:

By the authority vested in me by Section 88 of the Constitution of the Commonwealth of Kentucky I hereby veto the following portions of **HB 474:**

(1) On page 101 after line 2 the following language:

"5. Office of the Superintendent
of Public Instruction

(a) General Purpose Building
General Fund 250,000 -0-

(b) General Purpose Building
General Fund -0- 250,000"

As a result of the Free Conference Committee, two capital construction projections, identified as General Purpose Buildings in the Office of the Superintendent of Public Instruction, were inserted in the budget. These projects were not contained in either the Governor's budget recommendation, the budget which passed the House of Representatives, or the budget which passed the Senate. I am vetoing the appropriations for these projects for the following reasons:

The lack of information on these projects clearly violates the intent of KRS 45.760 (**SB 44** enacted by the 1979 Extraordinary Session of the General Assembly) which calls for specific information as to the purpose and justification of all capital construction projects prior to authorization. Because of the vague and general description in the appropriations bill, it is virtually impossible to know what exactly is being authorized.

If these projects are indeed for local school districts facilities, this action will mark the first time state General Fund dollars have been directly appropriated for specific local school district construction. Such a precedent is unwise as well as unfair because such action ignores any review or survey of statewide construction need identified to date. Moreover, this action represents a change in state policy which could have far-reaching financial ramifications in the future. This commitment clearly singles out an individual school district for special privileges at the expense of other states priority needs.

(2) On page 138 after line 13 the following language:

" - Prestonsburg Community
College Technical
Building/Learning
Resource Center
Bond Fund 2,500,000

- Hazard Community College

Technical Building/
Learning Resource Center
Bond Fund 2,500,000"

As a result of the Free Conference Committee, these two Community College projects were inserted in the budget. This veto will delete the construction authorization for the Technical/Learning Resource Center Building at Prestonsburg Community College and the Technical/Learning Resource Center Building at Hazard Community College. I am vetoing these projects for the following reasons. These are new construction projects which were contained in a long list of projects requested by the Council on Higher Education as its *last* priority after all other construction priorities. Moreover, these two projects were priorities number six and seven and were given a lower priority status than three other Community College projects. The philosophy behind the Council's priorities is one with which I personally agree, i.e., proper maintenance of current facilities is a higher priority than the construction of new facilities. Inasmuch as the Commonwealth is reducing ongoing programs in a number of education areas because of lack of adequate funding, new construction for Community College facilities is clearly not in the public interest at this time. These projects were not contained either in the Governor's budget recommendation, the budget which passed the House of Representatives, or the budget which passed the Senate.
